What are the key risks that are specific to the Issuer?

The Issuer is a special purpose vehicle: The Issuer is a special purpose vehicle with the sole business of issuing ETP Securities. The Issuer’s only funds to make payments in respect of a Series of ETP Securities are the amounts received by the Issuer from the realisation of the Collateral Assets (as defined below). For each Series, the Issuer will create security over the Collateral Assets in respect of that Series for the benefit of, amongst others, the ETP Securityholders of that Series. In the event that the security created by the Issuer is enforced, and the proceeds of such enforcement are, after making payment to all senior ranking creditors, insufficient to pay all amounts due to such ETP Securityholders in full, the Issuer shall have no liability, obligation or debt for any shortfall in payment and none of the ETP Securityholders or the Trustee (or any other party acting on their behalf) may take any further action to recover such amounts.

Claims of the Margin Loan Provider: Investors should be aware that the agreements entered into between the Issuer and the Margin Loan Providers (the “**LS Margin Account Agreements**”) do not contain limited recourse provisions with respect to the obligations of the Issuer.

There is a risk therefore that, in respect of a claim against the Issuer by a Margin Loan Provider in relation to an LS Margin Account Agreement, if following realisation in full of the Secured Property (whether by way of liquidation or enforcement) in respect of a Series of ETP Securities and application of available cash in accordance with the applicable orders of priority and the Trust Deed, a claim remains outstanding against the Issuer, such claim may be made against assets attributable to other outstanding Series of ETP Securities on a *pro rata* basis. GWM Limited, who may act as the broker dealer of record with respect to certain Series of ETP Securities (the “**Broker Dealer of Record**”) however, has agreed to indemnify the Issuer against any loss, cost,

claim, action, demand or expense which the Issuer may incur as a result of any such claims by the Margin Loan Provider.

C Key Information on the Securities

What are the main features of the Securities?

Each Series of ETP Securities will either be linked to an index (the “**Index**”) or will pursue an investment strategy which will describe the manner in which the proceeds of the issuance of the ETP Securities will be invested along with any leverage to be employed in respect of such investment strategy (the “**Investment Strategy**”). The Index or Investment Strategy will reference one or more assets (the “**Reference Assets**”) which can consist of (i) equity securities, (ii) debt securities, (iii) fixed income securities, (iv) units in exchange traded funds; (v) mutual funds (items (i) to (v), (“**Physical Assets**”) or (vi) futures contracts and (vii) options contracts.

Series of ETP Securities can offer leveraged long exposure (“**Leveraged Exposures**”), short inversed leveraged exposure (“**Short Exposures**”) or +1x exposure (“**Normal Exposures**”) to the Reference Assets. With respect to Series of ETP Securities offering Leveraged Exposures and Short Exposures, the degree of leverage or inversed leverage will be embedded in either (i) the Index or Investment Strategy; or (ii) directly in the ETP Securities. The degree of leverage which will apply for each Series of ETP Securities will be reflected in the applicable leverage factor (the “**Leverage Factor**”). Series of ETP Securities may also be issued which have the objective of generating income to fund periodic interest payments (the “**Income Series**”). The Investment Strategy of an Income Series may also provide for a Leveraged Exposure to the relevant Reference Assets, details of which will be included in the description of the Investment Strategy.

The underlying assets in respect of each Series of ETP Securities are:

- in the case of Leveraged Exposures and Normal Exposures where the Reference Assets are Physical Assets: the Reference Assets of the applicable Index or Investment Strategy for such Series of ETP Securities; Ancillary Assets (as defined below); and any cash;
- in the case of Short Exposures where the Reference Assets are Physical Assets: the mark to market value of securities loans; the Ancillary Assets; and any cash;
- in the case of ETP Securities where the Reference Assets are futures contracts: the mark to market value of the futures contracts; the Ancillary Assets; and any cash;
- in the case of Income Series where the Reference Assets are options contracts: the mark to market value of the options contracts; any underlying assets of the options contracts acquired by the Issuer to (i) cover its exposure under the options in accordance with the Investment Strategy or (ii) as a result of the options contracts being physically settled; Ancillary Assets; and any cash;
- in the case of Income Series offering Leveraged Exposures where the Reference Assets are Physical Assets: the Reference Assets of the Investment Strategy for such Series of ETP Securities; Ancillary Assets; and any cash,

in each case as held in the margin account(s) established for that Series (the “**Margin Account**” and the “**Collateral Assets**”).

Amounts standing to the credit of a Margin Account in respect of a Series of ETP Securities, to the extent not required for investment to replicate the performance of the relevant Index for that Series or for investment in accordance with the Investment Strategy for that Series, may at the direction of the Portfolio Administrator be maintained as cash balances in the Margin Account or invested in sovereign debt in the currency of denomination of the ETP Securities with an original maturity of less than one month which is rated at least A-1 by Standard & Poor's Ratings Services, and/or P-1 by Moody's Investors Service Ltd. and/or F1 by Fitch Ratings Limited (the “**Ancillary Assets**”).

Where applicable, each Series of ETP Securities will reference the performance of the related Index or Investment Strategy over a daily, weekly, monthly period or such other period as set out in the Final Terms (the “**Rebalance Period**”). At the end of each Rebalance Period the Margin Account will be reconstituted in order to track the performance of the Index or pursue the Investment Strategy.

The redemption amount of the ETP Securities will be derived from the liquidation of the Collateral Assets, as purchased or sold in accordance with the Leverage Factor of such Series of ETP Securities.

In respect of each Income Series, the Issuer shall make payments of interest amounts in respect of the ETP Securities of that Series on the relevant interest payment date as set out in the Final Terms.

The ETP Securities are freely transferable.

Each Series of ETP Securities will only give rights to ETP Securityholders to participate in the proceeds of the liquidation of a *pro rata* portion, in respect of such ETP Securityholders, of the Collateral Assets held in the relevant Margin Account with respect to such Series, after the *pro rata* deduction of all costs and expenses incurred by the Issuer in connection with the liquidation of such Collateral Assets, the *pro rata* deduction of the Arranger Fee and any applicable margin interest, securities lending fees and brokerage fees (“**Funding and Brokerage Fees**”) accrued thereon and in the case of Income Series, any *pro rata* adjustments to take account of any interest amounts to be paid with respect to the ETP Securities. Such liquidation will take place on the Final Redemption Date (as specified below) or only in limited circumstances before this date.

On specified valuation days, an “**ETP Security Value**” shall be calculated by the Determination Agent which shall reflect the value of the Collateral Assets in respect of a Series of ETP Securities as adjusted to take into account all applicable fees and expenses.

For each Series, the Issuer will create security over the Collateral Assets in respect of that Series for the benefit of, amongst others, the ETP Securityholders of that Series. Following the enforcement of the security granted by the Issuer in respect of each Series, the Trustee will apply the proceeds derived from the realisation of the Collateral Assets that are the subject of the security in the applicable order of priority under which amounts due to the ETP Securityholders will be subordinated to all costs, fees, expenses and all other amounts including (without limitation) the costs of enforcing and/or realising any security due to the Trustee itself and any receiver, in each case in relation to the ETP Securityholders.

If, in relation to a Series of ETP Securities, the net proceeds of the realisation of the security created in respect of such Series by the Issuer are insufficient to pay all amounts owed by the Issuer to the secured creditors (other than the Margin Loan Provider(s)) in respect of that Series, no other assets of the Issuer will be available to meet any shortfall and all outstanding claims of such secured creditors will be extinguished. No party (other than the Margin Loan Provider(s)) will be entitled to take any further steps against the Issuer to recover any further sum.

Issue Specific Summary:

Investment objective: The return on the ETP Securities is linked to the performance of the IncomeShares NVIDIA (NVDA) Options Investment Strategy.

The Investment Strategy seeks to generate monthly income by buying NVIDIA Corporation shares, selling 'out-of-the-money' call options on NVIDIA Corporation and paying a return on the premia collected. The ETP Securities aim to harvest yields, while retaining upside exposure to NVIDIA Corporation up to the options' strike price.

Where will the Securities be traded?

Issue specific summary:

Application has been made to the Financial Conduct Authority (“FCA”) for the ETP Securities to which these Final Terms apply to be admitted to the Official List of the FCA. Application has been made to the London Stock Exchange for the ETP Securities to which these Final Terms apply to be admitted to trading on the Main Market of the London Stock Exchange.

What are the key risks that are specific to the Securities?

AN INVESTMENT IN ETP SECURITIES INVOLVES A SIGNIFICANT DEGREE OF RISK. The following are the key risk factors which should be carefully considered by prospective investors before deciding whether to invest in ETP Securities. Investors should consult their own financial, legal, accounting and tax advisors about the risks of an investment in ETP Securities.

Market price of the ETP Securities: The ETP Securities may have a long term and the Final Redemption Date could be up to 50 years from the original Issue Date of the Series.

The only means through which an investor will be able to realise value from an ETP Security prior to their Final Redemption Date will be to sell it at its then market price in a secondary market transaction.

Market-making by Authorised Participants: Investors are dependent on there being one or more Authorised Participants making a market in ETP Securities in order to provide investors with liquidity. Investors should be aware that no Authorised Participant is obliged to make a market for any Series of ETP Securities and in circumstances where an Authorised Participant acts a market maker with respect to any Series of ETP Securities, such Authorised Participant may discontinue making a market at any time. If there are no Authorised Participants, or the Authorised Participant(s) fail to effectively make a market in the ETP Securities of a Series, the investors may not be able to sell any such ETP Securities within a short time period, or at a price close to the ETP Security Value for that Series. If investors are unable to sell the ETP Securities they will be unable to realise their investment until the final redemption date.

Issue Specific Summary

ETP Securities linked to Equity Securities: The risks of an ETP Security linked to equity securities may include, but are not limited to, the possibility of significant changes in the price(s) of the relevant equities. The value of the relevant equities may go down as well as up and the value of any relevant equities on any date may not reflect their performance in any prior period. There can be no assurance as to the future value of any equity security or of the continued existence of any equity, debt or its related company. Accordingly, before making an investment decision with respect to ETP Securities, prospective investors should carefully consider whether an investment, the return on which will depend on the performance of equity securities, is suitable for them.

Actively managed investment strategy: ETP Securityholders have no right to participate in the management of the Collateral Assets of a Series of ETP Securities. All decisions with respect to the investment of the proceeds of issuance of the ETP Securities will be made in accordance with the IncomeShares NVIDIA (NVDA) Options Investment Strategy. No person should purchase any ETP Securities unless they are willing to entrust all aspects of management of the Collateral Assets to the Portfolio Administrator to invest in accordance with the IncomeShares NVIDIA (NVDA) Options Investment Strategy. Poor performance of the IncomeShares NVIDIA (NVDA) Options Investment Strategy may negatively impact the value of the ETP Securities which may result in the ETP Securityholders receiving less, or substantially less than their initial investment.

ETP Securities linked to short positions in call options: selling call options exposes the ETP Securities to the risk that the price of the underlying asset of the call option exceeds its strike price on the exercise date. The Issuer may enter the call options on a covered basis whereby it will also purchase the relevant underlying asset so that, any loss incurred on the call option will be offset by an equivalent gain on the underlying asset. However, the Issuer may not be able to acquire sufficient underlying assets to cover its exposure under the call options, which may cause a loss to the extent the call option is wholly or partly uncovered. Additionally, to the extent that it owns the underlying assets, the Issuer will be exposed to the risk of the price of the underlying assets decreasing which may also result in a decrease of the ETP Security Value.

D Key Information on the Offer of Securities to the Public and/or the Admission to Trading on a Regulated Market

Under which conditions and timetable can I invest in this security?

The ETP Securities are being made available by the Issuer for subscription only to Authorised Participants appointed by the Issuer in relation the Programme who have submitted a valid subscription order to the Issuer. New issuances of ETP Securities will generally be settled on the second London Business Day (a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in London) following the date on which a valid subscription order is received by the Issuer, together with the applicable fee, provided that such order is received prior to 2.30p.m. London time on such day.

In respect of each Series of ETP Securities, the fees payable by ETP Securityholders comprise the following components: (i) an Arranger fee which is charged at a rate of 0.55% per annum of the ETP Security Value held by an ETP Securityholder; (ii) the relevant Funding and Brokerage Fees which are subject to adjustment; (iii) taxes, fees and other amounts payable to the Irish Revenue Commissioners; (iv) amounts payable to the Margin Loan Provider and the Broker Dealer of Record; and (v) the costs and expenses incurred in connection with the liquidation of the Collateral Assets.

The Issuer will pass these costs on to investors, therefore reducing the value of their investment in the ETP Securities. No other costs will be charged to investors by the Issuer.

The reasons for the offer and use of proceeds are profit making and/or hedging.

Issue Specific Summary:

The estimated net amount of the proceeds of issuance is USD 100000.

The Issuer will invest the net proceeds of issuance in the Reference Assets referenced by the relevant Index or Investment Strategy of the Series in order to replicate (to the degree practicable) the return of the Index referenced by the Series or pursue the Investment Strategy of the Series. Amounts standing to the credit of the Margin Account from time to time, to the extent not required to be invested in Reference Assets to replicate the return of the Index or to pursue the Investment Strategy, may at the discretion of the Portfolio Administrator be maintained as cash balances in the Margin Account or invested in Ancillary Assets.

The offer of ETP Securities is not subject to an underwriting agreement on a firm commitment basis.

Material Conflicts of Interest

The Authorised Participants and/or their respective affiliates may be active traders in certain markets. These trading activities may present a conflict between the holders of the ETP Securities and the interests the Authorised Participants and their respective affiliates may have in their proprietary accounts, in facilitating transactions, including options and other derivatives transactions, for their customers and in accounts under their management. These trading activities, if they influence the value of an Index or Investment Strategy to which a Series of ETP Securities is linked, could be adverse to the interests of the ETP Securityholders. The Authorised Participants and their respective affiliates may also issue or underwrite additional securities or trade other products the return on which is linked to the value of an Index or Investment Strategy linked to a Series of ETP Securities or other similar strategies. An increased level of investment in these products may negatively affect the level of an Index or Investment Strategy to which a Series of ETP Securities is linked and therefore the amount payable in respect of such Series of ETP Securities on their stated maturity date or any prior redemption date, as applicable, and the market value of such ETP Securities.

GWM Limited (who may act as the Broker Dealer of Record and/or Portfolio Administrator and/or Authorised Participant in respect of a Series of ETP Securities) and the Determination Agent are under the common ownership of Jose Gonzalez who is also a director and the ultimate majority shareholder of the Arranger. Where such entities are acting, they will have only the duties and responsibilities expressly agreed to by them in the relevant capacity and will not, by virtue of being related to an entity acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity.

¿Cuáles son los riesgos fundamentales que son específicos del Emisor?

El Emisor es una entidad con cometido especial: El Emisor es una entidad con cometido especial con el único negocio de emitir Títulos ETP. Los únicos fondos del Emisor para realizar pagos con respecto a una Serie de Títulos ETP son las cantidades recibidas por el Emisor de la enajenación de los Activos en Garantía (tal y como se define más adelante). Para cada Serie, el Emisor titulará los Activos en Garantía con respecto a esa Serie en beneficio de, entre otros, los Titulares de Títulos ETP de esa Serie.

En el caso de que se ejecuten los derechos derivados de dicha titulización creados por el Emisor, y los ingresos de dicha ejecución sean, después de hacer el pago a todos los acreedores con prioridad superior, insuficientes para pagar en su totalidad todas las cantidades debidas a dichos titulares de Títulos ETP, el Emisor no tendrá ninguna responsabilidad, obligación o deuda por cualquier déficit en el pago y ninguno de los Titulares de Títulos de ETP o el Fiduciario (o cualquier otra parte que actúe en su nombre) puede tomar medidas adicionales para recuperar dichas cantidades.

Reclamaciones del Proveedor de Préstamos de Margen: Los inversores deben tener en cuenta que los acuerdos celebrados entre el Emisor y el Proveedor de Préstamos de Margen, (los "**Acuerdos de Cuenta de Préstamos de Margen LS**") no contiene disposiciones que limiten la responsabilidad del Emisor con respecto a sus obligaciones. Por lo tanto, existe el riesgo de que, con respecto a una reclamación contra el Emisor por

parte de un Proveedor de Préstamos de Margen en relación con un Acuerdo de Cuenta de Margen LS, si después de la realización total de la Propiedad Asegurada (ya sea mediante liquidación o ejecución) con respecto a una Serie de Títulos ETP y la aplicación del efectivo disponible de acuerdo con el orden de prioridad aplicable y la Escritura Fiduciaria, una reclamación sigue pendiente contra el Emisor, dicha reclamación puede hacerse contra activos atribuibles a otras Series de Títulos ETP en emisión en forma proporcional. Sin embargo, GMW Limited, quien puede actuar como agente bursátil registrado en relación con ciertas Series de Títulos ETP (el "**Agente bursátil registrado**"), acordó indemnizar al Emisor por cualquier pérdida, coste, reclamación, acción, demanda o gasto en el que el Emisor pueda incurrir como resultado de dichas reclamaciones por parte del Proveedor de Préstamos de Margen.

C Información Fundamental sobre los Títulos

¿Cuáles son las principales características de los Títulos?

Cada Serie de Títulos ETP estará vinculada a un índice (el "**Índice**") o seguirá una estrategia de inversión que describirá la forma en que se invertirán los ingresos de la emisión de los Títulos ETP junto con cualquier apalancamiento que se empleará con respecto a dicha estrategia de inversión (la "**Estrategia de Inversión**"). El Índice o la Estrategia de Inversión harán referencia a uno o más activos (los "**Activos de Referencia**") los cuales pueden consistir en (i) títulos participativos, (ii) títulos de deuda, (iii) títulos de renta fija, (iv) participaciones en fondos cotizados ETFs; (v) fondos de inversión (conceptos (i) al (v), ("**Activos Físicos**") o (vi) contratos de futuros y (vii) contratos de opciones.

Una Serie de Títulos ETP puede ofrecer una exposición apalancada "larga" ("**Exposiciones Apalancadas**"), una exposición apalancada inversa corta ("**Exposiciones Cortas**") o una exposición +1x ("**Exposiciones Normales**") a los Activos de Referencia. Con respecto a una Serie de Títulos ETP que ofrecen las Exposiciones Apalancadas y Exposiciones Cortas, el grado de apalancamiento o apalancamiento inverso se integrará o bien en (i) el Índice o Estrategia de Inversión; o (ii) directamente en los Títulos ETP. El grado de apalancamiento que se aplicará a cada Serie de Títulos ETP se reflejará en el factor de apalancamiento aplicable (el "**Factor de Apalancamiento**").

También podrán emitirse Series de Valores ETP que tengan como objetivo generar ingresos para financiar pagos periódicos de intereses (la "**Serie de Ingresos**"). La Estrategia de Inversión de una Serie de Ingresos también puede prever una Exposición Apalancada a los Activos de Referencia correspondientes, cuyos detalles se incluirán en la descripción de la Estrategia de Inversión.

Los activos subyacentes con respecto a cada Serie de Títulos ETP son:

- en el caso de Exposiciones Apalancadas y Exposiciones Normales donde los Activos de Referencia son Activos Físicos: los Activos de Referencia del Índice o Estrategia de Inversión aplicable para dicha Serie de Títulos ETP; Activos Auxiliares (tal y como se define más adelante); y cualquier efectivo;
- en el caso de Exposiciones Cortas donde los Activos de Referencia son Activos Físicos: el valor ajustado al mercado de los préstamos de Títulos; los Activos Auxiliares; y cualquier efectivo;
- en el caso de Títulos ETP donde los Activos de Referencia son contratos de futuros: el valor ajustado al mercado de los contratos de futuros; los Activos Auxiliares; y cualquier efectivo;
- en el caso de Series de Ingresos donde los Activos de Referencia son contratos de opciones: el valor de mercado de los contratos de opciones; cualquier activo subyacente de los contratos de opciones adquiridos por el Emisor para (i) cubrir su exposición bajo las opciones de acuerdo con la Estrategia de Inversión o (ii) como resultado de la liquidación física de los contratos de opciones; Activos Auxiliares; y cualquier dinero en efectivo;
- en el caso de Series de Ingresos que ofrecen Exposiciones Apalancadas donde los Activos de Referencia son Activos Físicos: los Activos de Referencia de la Estrategia de Inversión para dicha Serie de Valores ETP; Activos Auxiliares; y cualquier efectivo.

en cada caso como se mantiene en la(s) cuenta(s) de préstamo establecida(s) para esa Serie (la "**Cuenta de Préstamo**") y los "**Activos de Garantía**").

Las cantidades en efectivo en una Cuenta de Préstamo con respecto a una serie de Títulos ETP, en la medida que no sean necesarias para que la inversión reproduzca el rendimiento del Índice relevante para esa Serie o para la inversión de acuerdo con la Estrategia de Inversión de esa Serie podrán, bajo la dirección del Administrador de la Cartera, mantenerse como saldos de efectivo en la Cuenta de Préstamo o invertirse en deuda soberana en la moneda de denominación de los Títulos ETP con un vencimiento original de menos de

un mes que tenga una calificación estándar de al menos A-1 por los Servicios de Calificaciones de Standard & Poor's, y/o P-1 por Moody's Investors Service Ltd. y/o F1 por Fitch Ratings Limited (los "**Activos Auxiliares**").

Cuando corresponda, cada Serie de Títulos ETP hará referencia al rendimiento del Índice o a la Estrategia de Inversión relacionada durante un período diario, semanal, mensual o cualquier otro período establecido en los Términos Finales (el "**Período de Reequilibrio**"). Al final de cada Período de Reequilibrio, la Cuenta de Préstamo se reconstituirá con el fin de realizar un seguimiento del rendimiento del Índice o seguir la Estrategia de Inversión.

El importe de la amortización de los Títulos ETP se derivará de la liquidación de los Activos de Garantía, tal como se hayan comprado o vendido de acuerdo con el Factor de Apalancamiento de dicha Serie de Títulos ETP.

Con respecto a cada Serie de Ingresos, el Emisor realizará pagos de los importes de intereses con respecto a los Valores ETP de esa Serie en la fecha de pago de intereses correspondiente, tal como se establece en las Condiciones Finales.

Los Títulos ETP son libremente transferibles.

Cada Serie de Títulos ETP solo otorgará derechos a los titulares de Títulos ETP para participar en las ganancias de la liquidación de una parte proporcional, con respecto a dichos titulares de Títulos ETP, de los Activos de Garantía mantenidos en la Cuenta de Préstamo pertinente con respecto a dichas Series, después de la deducción prorrateada de todos los costes y gastos incurridos por el Emisor en relación con la liquidación de dichos Activos de Garantía, la deducción prorrateada de la Comisión del Estructurador y cualquier interés de Préstamo Apalancado, tarifas de préstamo de Títulos y comisiones de corretaje ("**Comisiones de Financiación y Corretaje**") acumuladas al respecto y, en el caso de la Serie de Ingresos, cualquier ajuste prorrateado para tener en cuenta los importes de intereses a pagar con respecto a los Valores ETP. Dicha liquidación tendrá lugar en la Fecha de Amortización Final (tal y como se define más adelante) o solo en circunstancias limitadas antes de esta fecha.

En los días de valoración específicos, el Agente de Determinación calculará un "**Valor de los Títulos ETP**" que reflejará el valor de los Activos de Garantía con respecto a cada Serie de Títulos ETP ajustados para tener en cuenta todas las comisiones y gastos aplicables.

Para cada Serie, el Emisor titulará los Activos de Garantía con respecto a esa Serie en beneficio de, entre otros, los titulares de Títulos ETP de esa Serie. Tras la ejecución de los derechos derivados de dicha titulación otorgados por el Emisor con respecto a cada Serie, el Fiduciario destinará los ingresos derivados de la realización de los Activos de Garantía sujetos a tales derechos en el orden de prioridad aplicable, con arreglo al cual las cantidades adeudadas a los titulares de Títulos ETP estarán subordinadas al pago de todos los costes, comisiones, gastos y demás cantidades, incluidos (sin limitación) los costes de hacer cumplir y/o ejecutar cualquier título debido al Fideicomisario y a cualquier administrador concursal, en cada caso en relación con los titulares de Títulos ETP.

Si, en relación con una Serie de Títulos ETP, los ingresos netos de la ejecución del título creado con respecto a dicha Serie por el Emisor son insuficientes para pagar todas las cantidades adeudadas por el Emisor a los acreedores garantizados (distintos del Proveedor(es) de Préstamos Apalancados) con respecto de esa Serie, ningún otro activo del Emisor estará disponible para cubrir cualquier déficit y todas las reclamaciones pendientes de dichos acreedores garantizados se extinguirán. Ninguna parte (que no sea el Proveedor(es) de Préstamos Apalancados) tendrá derecho a tomar medidas adicionales contra el Emisor para recuperar cualquier suma adicional.

Resumen Específico de la Emisión:

Objetivo de inversión: La rentabilidad de los Títulos ETP está vinculada al retorno de la estrategia IncomeShares NVIDIA (NVDA) Options Investment Strategy.

Esta estrategia de inversión busca generar distribuciones mensuales mediante la simultánea compra de acciones de NVIDIA Corporation y venta de opciones de venta ('call options') sobre NVIDIA Corporation con un precio de ejecución superior al de mercado en el momento de la venta ('out of the money'), y pagando un retorno sobre las cantidades recibidas por la venta de dichas opciones ('premiums'). El objetivo de los Títulos ETP es extraer unas rentabilidades y, a la vez, retener potencial alcista al precio de NVIDIA Corporation hasta el límite del precio de ejecución ('strike price') de las opciones.

Series: IncomeShares NVIDIA (NVDA) Options ETP.

ISIN: XS2852999692

Número de Títulos ETP: 10000

Los Títulos ETP emitidos de conformidad con estos Términos Finales están denominados en Dólares estadounidenses.

La fecha final de vencimiento de los Títulos ETP es 16/07/2074 (La "Fecha de Amortización Final").

Cada Título ETP tiene un Principal de USD 10.00.

¿Dónde se negociarán los Títulos?

Resumen Específico de la Emisión:

Se ha presentado una solicitud a la Autoridad de Conducta Financiera (la "FCA", por sus siglas en inglés) para la Serie de Títulos ETP a los que aplican estos Términos Finales para ser admitidos en la Lista Oficial de la FCA. Se ha presentado una solicitud a la Bolsa de Valores de Londres para la Serie de Títulos ETP a los que aplican estos Términos Finales para ser admitidos a negociación en el Mercado Principal de la Bolsa de Valores de Londres.

¿Cuáles son los riesgos fundamentales que son específicos a los Títulos?

UNA INVERSIÓN EN TÍTULOS ETP IMPLICA UN GRADO DE RIESGO ELEVADO. Los siguientes son los factores de riesgo fundamentales que los posibles inversores deben considerar cuidadosamente antes de decidir invertir en Títulos ETP. Los inversores deben consultar a sus propios asesores financieros, legales, contables y fiscales sobre los riesgos de una inversión en Títulos ETP.

Precio de mercado de los Títulos ETP: Los Títulos ETP pueden tener un largo plazo y la Fecha de Amortización Final puede ser de hasta 50 años a partir de la Fecha de Emisión original de la Serie. El único medio a través del cual un inversor podrá obtener un valor de reembolso de un Título ETP antes de su Fecha de Amortización Final será venderlo a su precio de mercado en una transacción de mercado secundario.

Creación de mercado por Participantes Autorizados: Los inversores dependen de que haya uno o más Participantes Autorizados que realicen un mercado de Títulos ETP para proporcionar liquidez a los inversores. Los inversores deben tener en cuenta que ningún Participante Autorizado está obligado a crear un mercado para una Serie de Títulos ETP y en circunstancias en las que un Participante Autorizado actúa como creador de mercado con respecto a cualquier Serie de Títulos ETP, dicho Participante Autorizado puede dejar de crear un mercado en cualquier momento. Si no hay Participantes Autorizados, o los Participantes Autorizados no logran efectivamente crear un mercado en los Títulos ETP de una Serie, es posible que los inversores no puedan vender dichos Títulos ETP en un corto período de tiempo o a un precio cercano al valor del Título ETP para esa Serie. Si los inversores no pueden vender los Títulos ETP, no podrán realizar su inversión hasta la fecha de amortización final.

Resumen Específico de la Emisión

Títulos ETP vinculados a una Estrategia de Inversión: Cada Título ETP estará vinculado al rendimiento de los Activos de Referencia a los que hace referencia dicha Estrategia de Inversión. Los inversores no tienen derechos de propiedad sobre ningún Activo de Referencia de una Estrategia de Inversión. El importe a pagar en la amortización de los Títulos ETP dependerá de la liquidación de los Activos de Garantía en relación con esa Serie.

Estrategia de Inversión Activa: Los inversores en los Títulos ETP no tienen derecho a participar en la gestión de los Activos de Referencia. Toda decisión de inversión sobre los montantes resultantes de la emisión de Títulos ETP se realizará conforme a la estrategia IncomeShares NVIDIA (NVDA) Options Investment Strategy. No se debe invertir en los Títulos ETP si no se está dispuesto a confiar la gestión de los Activos de Referencia al Administrador de la Cartera conforme a la estrategia IncomeShares NVIDIA (NVDA) Options Investment Strategy. Una mala rentabilidad de la estrategia IncomeShares NVIDIA (NVDA) Options Investment Strategy puede ocasionar un impacto negativo sobre el valor de los Títulos ETPs y hacer que los inversores reciban mucho menos de lo que invirtieron inicialmente.

Títulos ETP vinculados a posiciones cortas sobre opciones de venta: la venta de opciones de venta ('call options') expone a los Títulos ETP al riesgo de que el precio del subyacente de la opción de venta exceda a su precio de ejercicio en la fecha de ejercicio. El Emisor puede adoptar 'posiciones cubiertas', esto es, comprar el subyacente para cubrir (total o parcialmente) pérdidas en las opciones con ganancias en el subyacente si su precio sube. Sin embargo, es posible que el Emisor no pueda adquirir la cantidad suficiente del subyacente

para cubrir su exposición a los riesgos de las opciones, lo que causaría una pérdida en la medida en que los riesgos de las posiciones cortas sobre las opciones están parcial o totalmente descubiertas. Además, en la medida que haya adquirido activos subyacentes, el Emisor corre el riesgo de que caigan sus precios, lo que a su vez causaría una disminución del Valor de los Títulos ETP.

D Información fundamental sobre la Oferta de Títulos al Público y/o la Admisión a Cotización en un Mercado Regulado

¿En qué condiciones y horarios puedo invertir en ese Título?

El Emisor pone a disposición los Títulos ETP para la suscripción solo a los Participantes Autorizados designados por el Emisor en relación con el Programa que hayan remitido una orden de suscripción válida al Emisor. Las nuevas emisiones de Títulos ETP generalmente se liquidarán el segundo día hábil de Londres (un día (que no sea sábado o domingo) en el que los bancos comerciales y los mercados de divisas liquiden los pagos en Londres) después de la fecha en que el Emisor reciba una orden de suscripción válida, junto con la tarifa aplicable, siempre que dicha orden se reciba antes de las 2:30 p.m. Hora de Londres en ese día.

Con respecto a cada Serie de Títulos ETP, las tarifas pagaderas por los titulares de Títulos ETP comprenden los siguientes componentes: (i) una tarifa del Estructurador del 0.55% anual del Valor del Título ETP en poder de un titular del Título ETP; (ii) las Comisiones de Financiación y Corretaje correspondientes que están sujetas a ajustes ; (iii) impuestos, comisiones y otros montos pagaderos a los Comisionados de Ingresos Irlandeses; (iv) importes pagaderos al Proveedor de Préstamos Apalancados y a la Casa Oficial de Bolsa; y (v) los costes y gastos incurridos en relación con la liquidación de los Activos de Garantía.

El Emisor repercutirá estos costes a los inversores, reduciendo así el valor de su inversión en los Títulos ETP. El Emisor no cobrará otros costes a los inversores.

Resumen Específico de la Emisión:

En Irlanda, Italia, Alemania, Francia, España, los Países Bajos, Polonia y Bélgica se puede hacer una oferta de Títulos ETP que no esté exenta de la obligación de publicar un folleto en virtud del Reglamento (UE) 2017/1129 durante el período de oferta correspondiente.

¿Por qué se ha preparado este folleto?

Los motivos de la oferta y el uso de los ingresos son la obtención de beneficios y/o cobertura.

Resumen Específico de la Emisión:

La cantidad neta estimada del producto de la emisión es 100000 Dólares estadounidenses.

El Emisor utilizará el producto de la emisión para financiar las Cuentas de Préstamo relacionadas, según sea necesario, para mantener posiciones en los Activos de Referencia con el fin de replicar (en la medida de lo posible) el rendimiento del Índice o seguir la estrategia de inversión a la que hace referencia la Serie teniendo en cuenta el Factor de Apalancamiento aplicable. Los montos correspondientes al crédito de la Cuenta de Préstamo también pueden, a discreción del Administrador de la Cartera, mantenerse como saldos de efectivo en la Cuenta de Préstamo o invertirse en Activos Auxiliares.

La oferta de Títulos ETP no está sujeta a un acuerdo de suscripción sobre una base de compromiso firme.

Conflictos de Interés Relevantes

Los Participantes Autorizados y/o sus afiliados respectivos pueden ser comerciantes activos en ciertos mercados. Estas actividades comerciales pueden presentar un conflicto entre los titulares de los Títulos ETP y los intereses que los Participantes Autorizados y sus respectivas filiales puedan tener en sus cuentas de propiedad, para facilitar las transacciones, incluidas las opciones y otras transacciones de derivados, para sus clientes y en las cuentas bajo su administración. Estas actividades comerciales, si influyen en el valor de un Índice o Estrategia de Inversión a la que está vinculada una Serie de Títulos ETP, podrían ser adversas a los intereses de los titulares de Títulos ETP. Los Participantes Autorizados y sus respectivas filiales también pueden emitir o suscribir títulos adicionales o comercializar otros productos cuyo rendimiento está vinculado al valor de un Índice o Estrategia de Inversión vinculada a una Serie de Títulos ETP u otras estrategias similares. Un mayor nivel de inversión en estos productos puede afectar negativamente el nivel de un Índice o Estrategia de Inversión a la que está vinculada una Serie de Títulos ETP y, por lo tanto, al monto pagadero con respecto a dicha Serie de Títulos ETP en su fecha de vencimiento establecida o en cualquier fecha de reembolso

anterior, según corresponda, y el valor de mercado de dichos Títulos ETP.

GWM Limited (quien puede actuar como el quien puede actuar como agente bursátil registrado en y como Administrador de Cartera con respecto a una Serie de Títulos ETP) y el Agente de Determinación son propiedad común de José González, quien también es director y accionista mayoritario del Estructurador. Cuando tales entidades estén actuando, tendrán solo los deberes y responsabilidades acordados expresamente por ellas en la capacidad relevante y no, en virtud de estar relacionadas con una entidad que actúe en cualquier otra capacidad, se considerará que tienen otros deberes o responsabilidades o se considerará que tiene un estándar de cuidado diferente al expresamente provisto con respecto a cada capacidad.

Quali sono i rischi maggiori a cui l'emittente è esposto?

L'emittente è uno special purpose vehicle: L'emittente è uno special purpose vehicle con il compito esclusivo di emettere titoli ETP. Gli unici fondi dell'Emittente per effettuare pagamenti in relazione a una Serie di Titoli

ETP sono gli importi ricevuti dall'Emittente dalla realizzazione delle Attività collaterali (come definito di seguito). Per ciascuna Serie, l'emittente creerà garanzie sulle Attività collaterali relative alla Serie, a beneficio, fra gli altri, dei detentori degli ETP di quella Serie. Nel caso in cui la garanzia creata dall'emittente venga applicata ed i proventi, dopo il pagamento di tutti i creditori senior, siano insufficienti a pagare tutti gli importi dovuti ai detentori dei titoli ETP, l'Emittente non ha alcuna responsabilità, obbligo o debito per eventuali carenze nei pagamenti e nessuno dei possessori dei titoli ETP o del Trustee (o di qualunque altra parte che agisca per loro conto) può intraprendere qualsiasi ulteriore azione per recuperare tali importi.

Reclami del prestatore di margini: Gli investitori devono essere consapevoli che gli accordi stipulati tra l'emittente ed il prestatore di margini ("**LS Margin Account Agreement**"), non contiene disposizioni di ricorso limitate per quanto concerne le obbligazioni dell'Emittente. Esiste pertanto il rischio che, con riferimento ad una querela nei confronti dell'emittente da parte del prestatore di margini, in relazione al LS Margin Account Agreement, se in seguito alla realizzazione integrale della garanzia (sia a titolo di liquidazione che di applicazione) in relazione ad una serie di titoli ETP e all'applicazione della liquidità disponibile in conformità con gli ordini di priorità applicabili e all'Atto Fiduciario, un reclamo rimanesse in essere nei confronti dell'Emittente, tale reclamo può essere presentato nei confronti delle attività attribuibili ad altre Serie di Titoli ETP in circolazione, su base proporzionale. GWM Limited, che può agire come negoziatore di credito relativamente ad alcune serie di ETPs (il "**Negoziatore di credito**"), tuttavia, ha accettato di risarcire l'emittente contro qualsiasi perdita, costo, azione, pretesa o spesa che potrebbero verificarsi a seguito di tali reclami da parte del Margin Loan Provider.

C Informazioni chiave sui titoli

Quali sono le caratteristiche principali dei titoli?

Ciascuna serie di titoli ETP sarà collegata ad un indice ("**L'Index**") o seguirà una strategia di investimento che descriverà il modo in cui i proventi dell'emissione dei titoli di ETP saranno investiti insieme ad ogni leva finanziaria, da impiegare con riferimento a tale strategia di investimento (la "**Investment strategy**"). L'indice o la Strategia di Investimento faranno riferimento ad uno o più attività (il "**Reference Assets**") che possono consistere in (i) titoli azionari, (ii) titoli di debito, (iii) titoli a reddito fisso, (iv) quote di fondi indicizzati quotati; (v) fondi comuni di investimento (voci da (i) a (v)), ("**Physical Assets**") o (vi) contratti a termine e (vii) contratti di opzione.

Le Serie di titoli ETP possono offrire esposizioni lunghe con effetto leva ("**Leveraged Exposures**"), esposizioni corte ("**Short Exposures**") o esposizioni +1x ("**Normal Exposures**") alle attività sottostanti. Per quanto riguarda le serie di titoli ETP che offrono esposizioni con effetto leva ed esposizioni corte, il grado di leva finanziaria o leva finanziaria inversa sarà incorporato (i) nell'indice o nella strategia di investimento; o (ii) direttamente nei titoli di ETP. Il grado di leva finanziaria che si applicherà a ciascuna serie di titoli ETP si rifletterà nell'effetto leva applicabile (il "**Leverage Factor**"). Possono inoltre essere emesse serie di titoli ETP che hanno l'obiettivo di generare reddito per finanziare i pagamenti periodici di interessi (le "**Income Series**"). La Strategia di investimento di un Income Series può anche prevedere un'esposizione con leva finanziaria alle relative attività di riferimento, i cui dettagli saranno inclusi nella descrizione della Strategia di investimento.

Le attività sottostanti ogni serie di titoli ETP sono:

- Nel caso delle leve finanziarie e delle esposizioni normali in cui gli asset di riferimento sono beni materiali: gli attivi di riferimento dell'indice applicabile o della strategia di investimento per una tale strategia di titoli ETP; beni ausiliari (come definito sotto); e denaro liquido;
- Nel caso delle esposizioni corte dove gli asset di riferimento sono contratti a termine: il valore mark to market dei contratti a termine; i beni ausiliari; e il denaro liquido, in ogni caso detenute nei conti a margine stabiliti per quella serie (il "**Margin Account**" e "**Collateral Assets**").
- Nel caso di Income Series in cui le Attività di Riferimento sono contratti di opzione: il valore mark to market dei contratti di opzione; qualsiasi attività sottostante dei contratti di opzione acquisiti dall'Emittente per (i) coprire la propria esposizione nell'ambito delle opzioni in conformità con la Strategia di investimento o (ii) a seguito del regolamento fisico dei contratti di opzione; Beni accessori; ed eventuali contanti;

- Nel caso di Income Series che offrono Esposizioni con Leva in cui le Attività di Riferimento sono Attività Fisiche: le Attività di Riferimento della Strategia di Investimento per tale Serie di Titoli ETP; Beni accessori; ed eventuali contanti

Gli importi accreditati presso un conto a margine relativamente ad una serie di titoli ETP, nella misura in cui non siano necessari per replicare la performance del relativo indice o per gli investimenti in conformità con la strategia perseguita da quella serie, possono, sotto la direzione del Portfolio Administrator, essere mantenuti come saldo di cassa nel conto a margine o essere investiti in obbligazioni governative con la medesima valuta di denominazione dei titoli ETP, con scadenza inferiore ad un mese, valutate almeno A-1 da Standard & Poor's Ratings Services, e/o P-1 da Moody's Investors Service Ltd. e/o F1 da Fitch Ratings Limited (gli "**Ancillary Assets**").

Ove applicabile, ciascuna serie di titoli ETP farà riferimento alla performance del relativo indice o Strategia di Investimento su un periodo giornaliero, settimanale, mensile o qualsiasi altro periodo di tempo come indicato nelle condizioni definitive (il "**Rebalance Period**"). Al termine del Rebalance Period il conto a margine sarà ricostituito al fine di seguire la performance dell'indice o perseguire la strategia di investimento.

L'importo di rimborso dei titoli ETP deriverà dalla liquidazione dei Collateral Assets, acquistati o venduti in conformità dell'effetto leva di quella determinata serie di titoli ETP.

In relazione a ciascuna Income Series, l'Emittente effettuerà pagamenti di importi di interessi rispetto ai Titoli ETP di quella Serie alla relativa data di pagamento degli interessi come indicato nelle Condizioni Definitive.

I titoli ETP sono trasferibili gratuitamente.

Ciascuna serie di titoli ETP conferirà ai detentori di titoli ETP il diritto di partecipare ai proventi della liquidazione su base proporzionale, relativamente a tali titoli ETP, dei Collateral Assets detenuti nel conto a margine corrispondente a tale serie, dopo la deduzione proporzionale di tutti i costi e le spese sostenute dall'emittente in relazione alla liquidazione dei Collateral Assets, la deduzione proporzionale della Arranger Fee e di eventuali interessi sui margini applicabili, le commissioni di prestito titoli e le commissioni di intermediazione ("**Funding and Brokerage Fees**") maturati su di essi e nel caso delle Income Series, eventuali aggiustamenti pro rata per tenere conto di eventuali importi di interessi da pagare in relazione agli ETP Securities. Tale liquidazione avverrà alla data di rimborso finale (come specificato di seguito) o, solo in circostanze limitate, prima di questa data.

In specifici giorni di valutazione, un "**ETP Security Value**" deve essere calcolato da un Determination Agent, tenendo conto del valore dei Collateral Assets in relazione ad una serie di titoli ETP, rettificato per tenere in considerazione tutte le commissioni e le spese applicabili.

Per ogni serie, l'emittente creerà garanzie sui Collateral Assets in relazione a tale serie a beneficio, fra gli altri, di tutti i detentori di titoli ETP di tale serie. A seguito all'esecuzione della garanzia concessa dall'emittente in relazione a ciascuna serie, il fiduciario utilizzerà i proventi derivanti dalla realizzazione dei Collateral Assets, che sono oggetto della garanzia, nell'ordine di priorità applicabile, in base al quale gli importi dovuti ai detentori di titoli ETP saranno subordinati ad ogni costo, commissione, spesa, insieme a tutte le altre somme, inclusi (senza alcuna limitazione) i costi dell'esecuzione e/o realizzazione delle garanzie dovute al fiduciario stesso e qualsiasi destinatario, in ogni caso in relazione ai detentori di titoli ETP.

Se, in relazione ad una serie di titoli ETP, i proventi netti della realizzazione della garanzia creata in merito a ciascuna serie dall'emittente siano insufficienti a pagare tutte le somme dovute dall'emittente ai creditori garantiti (diversi dal Margin Loan Provider(s)) in merito a quella serie, nessun'altra attività dell'emittente sarà disponibile per far fronte ad eventuali carenze, e tutti i crediti pendenti di tali creditori garantiti saranno estinti. Nessuna parte (deversa dal Margin Loan Provider(s)) avrà diritto ad adottare ulteriori provvedimenti nei confronti dell'emittente per recuperare ulteriori somme.

Quali sono I rischi principali specifici dei titoli?

UN INVESTIMENTO NEI TITOLI ETP COMPORTA UN GRADO SIGNIFICATIVO DI RISCHIO. Di seguito sono riportati i principali fattori di rischio che devono essere presi in considerazione dai potenziali investitori prima di decidere se investire nei titoli ETP. Gli investitori dovrebbero consultare i propri consulenti finanziari, legali, contabili e fiscali riguardo i rischi di un investimento nei titoli ETP.

Prezzo di mercato dei titoli ETP: I titoli ETP potrebbero avere una durata a lungo termine e la Data di rimborso finale potrebbe essere fino a 50 anni dalla data di emissione originale della serie. L'unico mezzo attraverso il quale un investitore sarà in grado di realizzare il valore da un titolo ETP prima della data di rimborso finale sarà quello di venderlo al suo prezzo di mercato tramite un'operazione nel mercato secondario.

Market-making dei Partecipanti Autorizzati: Gli investitori dipendono dalla presenza di uno o più partecipanti autorizzati a creare un mercato nei titoli ETP per fornire liquidità agli investitori. Gli investitori devono essere consapevoli del fatto che nessun Partecipante Autorizzato è obbligato a creare un mercato per una serie di titoli ETP e, nella situazione in cui un Partecipante Autorizzato agisca in qualità di market maker rispetto a qualsiasi serie di titoli ETP, tale partecipante autorizzato può interrompere l'attività in ogni momento. Se non vi sono partecipanti autorizzati o i partecipanti autorizzati non riescono a creare effettivamente un mercato di titoli ETP, gli investitori potrebbero non essere in grado di vendere tali titoli ETP in un breve periodo di tempo o ad un prezzo vicino al valore di quella serie di titoli ETP. Se gli investitori non saranno in grado di vendere i titoli ETP non riusciranno a realizzare il loro investimento fino alla data di rimborso finale.

Sommario Specifico dell'Emissione

Titoli ETP legati ad una strategia di investimento: Ciascun titolo ETP sarà collegato al rendimento degli asset sottostanti tale strategia di investimento. Gli investitori non hanno alcun diritto di proprietà sugli asset di riferimento di una strategia di investimento. La somma pagabile come rimborso dei titoli ETP dipenderà dalla liquidazione dei Collateral Assets in relazione a tale serie.

Strategia di investimento a gestione attiva: i titolari di titoli ETP non possono partecipare alla gestione delle garanzie di una serie di titoli ETP. Tutte le decisioni relative all'investimento dei proventi dell'emissione di titoli ETP saranno prese in conformità con la strategia di IncomeShares NVIDIA (NVDA) Options Investment Strategy. Nessuno dovrebbe acquistare titoli ETP a meno che non sia disposto ad affidare tutti gli aspetti della gestione delle garanzie all'amministratore del portafoglio al fine di investire in conformità con la strategia di IncomeShares NVIDIA (NVDA) Options Investment Strategy. Una cattiva attuazione della strategia di IncomeShares NVIDIA (NVDA) Options Investment Strategy può influire negativamente sul valore dei titoli ETP, il che può comportare che i titolari di ETP ricevano meno o significativamente meno del loro investimento iniziale.

Titoli ETP legati a posizioni corte in opzioni call: la vendita di opzioni call espone i Titoli ETP al rischio che il prezzo dell'attività sottostante all'opzione call superi il suo prezzo di esercizio alla data di esercizio. L'Emittente può inserire le opzioni call su base coperta in base alla quale acquisterà anche la relativa attività sottostante in modo che qualsiasi perdita subita sull'opzione call sarà compensata da un guadagno equivalente sull'attività sottostante. Tuttavia, l'Emittente potrebbe non essere in grado di acquisire attività sottostanti sufficienti a coprire la propria esposizione nell'ambito delle opzioni call, il che potrebbe causare una perdita nella misura in cui

l'opzione call sia totalmente o parzialmente scoperta. Inoltre, nella misura in cui possiede le attività sottostanti, l'Emittente sarà esposto al rischio di diminuzione del prezzo delle attività sottostanti, che potrebbe anche comportare una diminuzione del valore del titolo ETP.

D Informazioni chiave sull'Offerta di titoli al Pubblico e/o l'Ammissione alla Negoziazione su un Mercato Regolamentato

Secondo quali condizioni e orari posso investire in questo titolo?

I titoli ETP sono resi disponibili dall'emittente per la sottoscrizione solo ai Partecipanti Autorizzati, incaricati dall'emittente in relazione al Programma, i quali abbiano presentato un valido ordine di sottoscrizione all'emittente. Le nuove emissioni di titoli ETP saranno generalmente regolate il secondo giorno lavorativo, secondo il calendario di Londra (un giorno differente da sabato o domenica, in cui le banche commerciali ed il mercato dei cambi regolano i pagamenti a Londra), successivo alla data in cui un ordine di sottoscrizione valido è ricevuto dall'emittente, unitamente alla commissione applicabile, a condizione che tale ordine sia ricevuto prima delle 14,30, ora di Londra.

In relazione a ciascuna serie di titoli ETP, le commissioni applicabili ai detentori di titoli comprendono le seguenti componenti: (i) una commissione di arrangiamento a cui è applicato un tasso annuale dello 0.55% del valore del titolo ETP detenuto, (ii) le commissioni di finanziamento ed intermediazione soggette a rettifica; (iii) tasse, commissioni ed altri importi dovuti alle Autorità Tributarie Irlandesi; (iv) importi dovuti al Prestatore di margini ed a Broker Dealer of Record; e (v) i costi e le spese sostenuti in relazione alla liquidazione dei Collateral Assets.

L'emittente trasferirà questi costi agli investitori, riducendo pertanto il valore del loro investimento nei titoli ETP. Nessun altro costo sarà addebitato agli investitori dall'emittente.

L'emittente utilizzerà i proventi dell'emissione per finanziare i conti a margine relativi se ciò sarà necessario per mantenere le posizioni negli asset di riferimento al fine di replicare (per quanto possibile) il rendimento dell'indice o per perseguire la strategia di investimento a cui fa riferimento la serie, tenendo conto dell'effetto leva applicabile. Gli importi accreditati nel conto a margine potrebbero essere mantenuti inoltre, a discrezione dell'amministratore del portafoglio, come saldi di cassa nel conto a margine o essere investite in attività accessorie.

L'offerta di titoli ETP non è soggetta ad un accordo di sottoscrizione sulla base di un impegno irrevocabile.

Conflitti di interesse

I partecipanti autorizzati e/o le rispettive affiliate possono essere operatori attivi in determinati mercati. Queste attività di trading possono presentare un conflitto fra i detentori di titoli ETP e gli interessi che i partecipanti autorizzati e le loro rispettive affiliate possono avere nei loro conti proprietari, nell'agevolare le transazioni, includendo le opzioni ed altre operazioni su strumenti finanziari derivati, per i propri clienti e nei conti da loro amministrati. Queste attività di negoziazione, qualora influenzassero il valore di un indice o della strategia di investimento a cui una serie di titoli ETP è collegata, possono essere avverse agli interessi dei possessori di titoli ETP. I partecipanti autorizzati e le rispettive affiliate possono inoltre emettere o sottoscrivere ulteriori garanzie o scambiare altri prodotti il cui rendimento è collegato al valore di un indice o di una strategia di investimento collegati ad una serie di titoli ETP o altre strategie simili.

Un aumento del livello di investimento in questi prodotti può influenzare negativamente il valore di un indice o

di una strategia di investimento cui una serie di titoli ETP è collegata e, quindi, l'importo da pagare con rispetto a tale serie di titoli ETP, allo loro data di scadenza o a qualsiasi precedente data di rimborso, ove applicabile, ed il valore di mercato di tali titoli ETP.

GWM Limited (who può agire come intermediario finanziario di credito e che potrebbe agire anche in qualità di amministratore del portafoglio nei confronti di una serie di titoli ETP) ed il Determination Agent sono sotto la proprietà comune di Jose Gonzalez e l'ultimo azionista di maggioranza, il quale è inoltre direttore dell'Arranger. Laddove tali soggetti agiscano, avranno solo i doveri e le responsabilità espressamente concordati e non si potrà ritenere che, in virtù del fatto che possano essere collegati ad ulteriori entità, essi debbano avere altri doveri o responsabilità, o fornire un'assistenza differente da quella espressamente prevista.

Welches sind die Hauptrisiken, die für den Aussteller spezifisch sind?

Der Aussteller ist eine Zweckgesellschaft: Der Aussteller ist eine Zweckgesellschaft, die ausschließlich die Ausgabe von ETP-Wertpapieren betreibt. Die einzigen Mittel des Ausstellers, um Zahlungen in Bezug auf eine Serie von ETP-Wertpapieren zu leisten, sind die Beträge, die der Aussteller aus der Verwertung der Sicherungsgegenstände (wie unten definiert) erhält. Für jede Serie wird der Aussteller eine Sicherheit für die Beleihungsobjekte dieser Serie unter anderem zugunsten der Inhaber von ETP-Wertpapieren dieser Serie schaffen. Falls die von dem Aussteller geschaffene Sicherheit verwertet wird und der Erlös dieser Verwertung nach Zahlung an alle vorrangigen Gläubiger nicht ausreicht, um alle an diese ETP-Sicherheitsinhaber fälligen Beträge vollständig zu bezahlen, hat der Aussteller keine Haftung, Verpflichtung oder Schuld für einen

Zahlungsausfall, und keiner der ETP-Sicherheitsinhaber oder der Treuhänder (oder eine andere in ihrem Namen handelnde Partei) darf weitere Maßnahmen zur Einziehung dieser Beträge ergreifen.

Ansprüche des Anbieters von Margen-Kredit: Die Anleger sollten sich darüber im Klaren sein, dass die zwischen dem Aussteller und dem Margen-Kreditgeber abgeschlossene Kundenvereinbarung (die „**Vereinbarung über das LS-Margen-Konto**“) keine beschränkten Rückgriffrechte in Bezug auf die Verpflichtungen des Ausstellers vorsieht. Es besteht daher das Risiko, dass in Bezug auf eine Forderung des Margen-Kreditsgebers gegen den Aussteller in Bezug auf die Vereinbarung über das LS Margen-Konto, wenn nach der vollständigen Verwertung des gesicherten Eigentums (sei es im Wege der Liquidation oder der Vollstreckung) in Bezug auf eine Serie von ETP-Wertpapieren und der Verwendung verfügbarer Barmittel gemäß den anwendbaren Rangordnungen und der Treuhandurkunde eine Forderung gegen den Aussteller aussteht, eine solche Forderung gegen Vermögenswerte, die anderen ausstehenden Serien von ETP-Wertpapieren zuzuordnen sind, anteilig geltend gemacht werden kann. GWM Limited, die als **aktenkundiger Broker** bezüglich gewisser Serien an ETP-Wertpapieren in Erscheinung treten kann (der **aktenkundige Broker**), hat sich jedoch bereit erklärt, den Aussteller gegen jegliche Verluste, Kosten, Ansprüche, Klagen, Forderungen oder Ausgaben, die dem Aussteller aufgrund solcher Ansprüche des Margen-Kreditsgebers entstehen können, zu entschädigen.

C Wichtige Informationen über die Wertpapiere

Was sind die Hauptmerkmale der Wertpapiere?

Jede Serie von ETP-Wertpapieren wird entweder an einen Index (der „**Index**“) gebunden sein oder eine Anlagestrategie verfolgen, die die Art und Weise beschreibt, in der die Erlöse aus der Emission der ETP-Wertpapiere zusammen mit einer eventuellen Hebelwirkung in Bezug auf diese Anlagestrategie investiert werden (die „**Anlagestrategie**“). Der Index oder die Anlagestrategie bezieht sich auf ein oder mehrere Vermögenswerte (die „**Referenzvermögenswerte**“), die aus (i) Aktien, (ii) Schuldverschreibungen, (iii) festverzinslichen Wertpapieren, (iv) Anteilen an börsengehandelten Fonds; (v) Investmentfonds (Punkte (i) bis (v), („**physische Vermögenswerte**“) oder (vi) Terminkontrakten bestehen können.

Der Index oder die Anlagestrategie bezieht sich auf einen oder mehrere Vermögenswerte (die „Referenzwerte“), die aus (i) Aktienwerten, (ii) Schuldtiteln, (iii) festverzinslichen Wertpapieren, (iv) Anteilen an börsengehandelten Fonds, (v) Investmentfonds (Punkte (i) bis (v), („Sachwerte“) oder (vi) Terminkontrakten und (vii) Optionskontrakten bestehen können.

Eine Reihe von ETP-Wertpapieren kann ein gehebeltes Long-Exposure („**Leveraged Exposures**“), ein kurzes inverses Leveraged-Exposure („**Short Exposures**“) oder ein +1x-Exposure („**Normal Exposure**“) auf die Referenzanlagen bieten. Bei Serien von ETP-Wertpapieren, die gehebelte Engagements und kurze Engagements anbieten, wird der Grad der Hebelwirkung oder der umgekehrten Hebelwirkung entweder (i) in den Index oder die Anlagestrategie oder (ii) direkt in die ETP-Wertpapiere eingebettet. Der Grad der Hebelwirkung, der für jede Serie von ETP-Wertpapieren gilt, wird durch den anwendbaren Hebelfaktor (der „**Hebelfaktor**“) widergespiegelt. Es können auch Serien von ETP-Wertpapieren begeben werden, deren Ziel die Erwirtschaftung von Erträgen zur Finanzierung regelmäßiger Zinszahlungen ist (die „**Ertragsserien**“). Die Anlagestrategie einer Ertragsserie kann auch ein gehebeltes Engagement in den betreffenden Referenzwerten vorsehen, dessen Einzelheiten in der Beschreibung der Anlagestrategie enthalten sind.

Die Basiswerte für jede Serie von ETP-Wertpapieren sind:

- im Falle von gehebelten und normalen Engagements, bei denen die Referenzaktiva physische Vermögenswerte sind: die Referenzaktiva des anwendbaren Index oder der Anlagestrategie für diese ETP-Wertpapierreihe; Nebenaktiva (wie unten definiert); und jegliche Barmittel;
- im Falle von Short-Positionen, bei denen die Referenzaktiva physische Vermögenswerte sind: die Marktbewertung von Wertpapierkrediten, die Nebenaktiva und jegliche Barmittel;
- im Falle von ETP-Wertpapieren, bei denen es sich bei den Referenzaktiva um Terminkontrakte handelt: die Bewertung zum Marktwert der Terminkontrakte, die Zusatzaktiva und etwaige Barmittel,

- im Falle von Ertragsserien, bei denen es sich bei den Referenzaktiva um Optionskontrakte handelt: der Marktwert der Optionskontrakte; alle den Optionskontrakten zugrunde liegenden Vermögenswerte, die der Aussteller erworben hat, um (i) sein Engagement in den Optionen gemäß der Anlagestrategie abzusichern oder (ii) die Optionskontrakte physisch zu erfüllen; Nebenaktiva und jegliche Barmittel;

- im Falle von Ertragsserien mit Hebelwirkung, bei denen es sich bei den Referenzaktiva um physische Vermögenswerte handelt: die Referenzaktiva der Anlagestrategie für diese ETP-Wertpapierreihe; Nebenaktiva und jegliche Barmittel

jeweils wie sie auf dem/den für diese Serie eingerichteten Margenkonto/en (das „**Margenkonto**“ und die „**Sicherheiten**“) gehalten werden.

Beträge, die einem Margenkonto in Bezug auf eine Serie von ETP-Wertpapieren gutgeschrieben werden, soweit sie nicht für Investitionen zur Nachbildung der Wertentwicklung des betreffenden Index für diese Serie oder für Investitionen in Übereinstimmung mit der Investitionsstrategie für diese Serie erforderlich sind, können auf Anweisung des Portfolioverwalters als Barguthaben auf dem Margenkonto geführt oder in Staatsschulden in der Währung des Nennwerts der ETP-Wertpapiere mit einer ursprünglichen Laufzeit von weniger als einem Monat, die von Standard & Poor's Ratings Services mit mindestens A-1 bewertet wird, und/oder von Moody's Investors Service Ltd. mit P-1 bewertet wird, investiert werden, und/oder F1 von Fitch Ratings Limited (die „**Zusatzaktiva**“) bewertet wird.

Gegebenenfalls bezieht sich jede Serie von ETP-Wertpapieren auf die Wertentwicklung des entsprechenden Index oder der entsprechenden Anlagestrategie über einen täglichen, wöchentlichen, monatlichen Zeitraum oder einen anderen Zeitraum, der in den Endgültigen Bedingungen festgelegt ist (der „Ausgleichsperiode“). Am Ende jeder Wiederausgleichsperiode wird das Margenkonto neu aufgebaut, um die Wertentwicklung des Index oder der Anlagestrategie zu verfolgen.

Der Rückzahlungsbetrag der ETP-Wertpapiere wird aus der Liquidation der Sicherheiten, wie sie gemäß dem Leverage-Faktor dieser Serie von ETP-Wertpapieren gekauft oder verkauft wurden, abgeleitet.

In Bezug auf jede Ertragsserie leistet der Aussteller Zinszahlungen in Bezug auf die ETP-Schuldverschreibungen dieser Serie am jeweiligen Zinszahlungstag, wie in den Endgültigen Bedingungen angegeben.

Die ETP-Wertpapiere sind frei übertragbar.

Jede Serie von ETP-Wertpapieren gibt den Inhabern von ETP-Wertpapieren nur das Recht auf Beteiligung am Erlös der Liquidation eines proportionalen Anteils an den auf dem entsprechenden Margenkonto gehaltenen Deckungswerten in Bezug auf diese Serie, nach anteiligem Abzug aller Kosten und Aufwendungen, die dem Aussteller in Verbindung mit der Liquidation dieser Deckungswerte entstanden sind, dem anteiligen Abzug der Arrangeur-Gebühr und aller anwendbaren Margen-Zinsen, Wertpapierleihgebühren und Maklergebühren („Funding and Brokerage Fees“), die darauf anfallen und im Falle von Ertragsserien etwaigen anteiligen Anpassungen zur Berücksichtigung von Zinsbeträgen, die in Bezug auf die ETP-Wertpapiere zu zahlen sind. Eine solche Liquidation findet am letzten Rückzahlungstag (wie unten angegeben) oder nur unter bestimmten Umständen vor diesem Datum statt.

An bestimmten Bewertungstagen wird von der Feststellungsstelle ein „ETP-Wertpapier“ berechnet, der den Wert der Sicherheiten in Bezug auf eine Serie von ETP-Wertpapieren widerspiegelt, der zur Berücksichtigung aller anwendbaren Gebühren und Kosten angepasst wird.

Für jede Serie wird der Aussteller eine Sicherheit über die Beleihungswerte in Bezug auf diese Serie zugunsten u.a. der Inhaber von ETP-Wertpapieren dieser Serie schaffen. Nach der Vollstreckung der von dem Aussteller in Bezug auf jede Serie gewährten Sicherheit wird der Treuhänder die Erlöse aus der Verwertung der Sicherheiten, die Gegenstand der Sicherheit sind, in der anwendbaren Rangfolge verwenden, wobei die den ETP-Sicherheitsinhabern geschuldeten Beträge allen Kosten, Gebühren, Ausgaben und allen anderen Beträgen nachrangig sind, einschließlich (ohne Einschränkung) der Kosten für die Vollstreckung und/oder Verwertung der dem Treuhänder selbst und jedem Empfänger geschuldeten Sicherheit, jeweils in Bezug auf die ETP-Sicherheitsinhaber.

Wenn in Bezug auf eine Serie von ETP-Wertpapieren der Netto-Erlös aus der Verwertung der vom Aussteller für diese Serie geschaffenen Sicherheit nicht ausreicht, um alle Beträge zu bezahlen, die der Aussteller den gesicherten Gläubigern (mit Ausnahme der Anbieter von Margin-Krediten) in Bezug auf diese Serie schuldet, stehen keine anderen Vermögenswerte des Ausstellers zur Verfügung, um einen eventuellen Fehlbetrag zu decken, und alle ausstehenden Forderungen dieser gesicherten Gläubiger werden gelöscht. Keine Partei (mit

Ausnahme der Anbieter von Margin-Krediten) ist berechtigt, weitere Schritte gegen den Aussteller zu unternehmen, um weitere Beträge einzuziehen.

Ausstellungsspezifische Zusammenfassung:

Bei der Financial Conduct Authority (die „FCA“) wurde beantragt, die Serie von ETP-Wertpapieren, für die diese endgültigen Bedingungen gelten, in die offizielle Liste der FCA aufzunehmen. Bei der Londoner Börse wurde beantragt, dass die Serie von ETP-Wertpapieren, für die diese endgültigen Bedingungen gelten, zum Handel am Hauptmarkt der Londoner Börse zugelassen wird.

Was sind die Hauptrisiken, die für die Wertpapiere spezifisch sind?

EINE INVESTITION IN ETP-WERTPAPIERE IST MIT EINEM ERHEBLICHEN RISIKO VERBUNDEN. Im Folgenden sind die Hauptrisikofaktoren aufgeführt, die von potenziellen Anlegern sorgfältig geprüft werden sollten, bevor sie sich für eine Investition in ETP-Wertpapiere entscheiden. Investoren sollten ihre eigenen Finanz-, Rechts-, Buchhaltungs- und Steuerberater zu den Risiken einer Investition in ETP-Wertpapiere konsultieren.

Marktpreis der ETP-Wertpapiere: Die ETP-Wertpapiere können eine lange Laufzeit haben, und der endgültige Rückzahlungstermin könnte bis zu 50 Jahre nach dem ursprünglichen Ausgabedatum der Serie liegen. Das einzige Mittel, mit dem ein Anleger einen Wert aus einem ETP-Wertpapier vor dessen endgültigem Rückzahlungstermin erzielen kann, besteht darin, es zu seinem damaligen Marktpreis in einer Sekundärmarkttransaktion zu verkaufen.

Market-Making durch autorisierte Teilnehmer: Anleger sind darauf angewiesen, dass ein oder mehrere autorisierte Teilnehmer einen Markt für ETP-Wertpapiere schaffen, um den Anlegern Liquidität zu verschaffen. Investoren sollten sich darüber im Klaren sein, dass kein autorisierter Teilnehmer verpflichtet ist, einen Markt für eine Reihe von ETP-Wertpapieren zu schaffen, und in Fällen, in denen ein autorisierter Teilnehmer als Market Maker für eine Reihe von ETP-Wertpapieren auftritt, kann dieser autorisierte Teilnehmer das Market Making jederzeit einstellen. Gibt es keine Zugelassenen Teilnehmer oder gelingt es dem/den Zugelassenen Teilnehmer(n) nicht, einen Markt für die ETP-Wertpapiere einer Serie zu schaffen, können die Anleger möglicherweise nicht in der Lage sein, solche ETP-Wertpapiere innerhalb eines kurzen Zeitraums oder zu einem Preis nahe dem ETP-Wertpapierwert für diese Serie zu verkaufen. Wenn die Anleger nicht in der Lage sind, die ETP-Wertpapiere zu verkaufen, können sie ihre Investition bis zum endgültigen Rückzahlungstermin nicht realisieren.

Ausstellungsspezifische Zusammenfassung

ETP-Wertpapiere, die mit einer Anlagestrategie verbunden sind: Jedes ETP-Wertpapier wird an die Wertentwicklung der Referenzanlagen, auf die sich diese Anlagestrategie bezieht, gebunden. Die Anleger

haben keine Eigentumsrechte an den Referenzanlagen einer Anlagestrategie. Der bei der Rückzahlung der ETP-Wertpapiere zu zahlende Betrag hängt von der Liquidation der Sicherheiten in Bezug auf diese Serie ab.

Aktiv verwaltete Investitionsstrategie: Die ETP-Wertpapierhalter sind nicht berechtigt, sich an die Verwaltung der „Sicherheiten“ /Collateral Assets/ sowie der Serien von ETP - Wertpapieren zu beteiligen. Alle Entscheidungen bezüglich der Investition der Emissionszugänge aus den ETP - Wertpapieren werden gemäß der IncomeShares NVIDIA (NVDA) Options Investment Strategy getroffen. Sie können ETP - Wertpapiere nur dann erwerben, wenn Sie einverstanden sind, alle Aspekte der Verwaltung der „Sicherheiten“ /Collateral Assets/ dem Portfolio - Verwalter gemäß der IncomeShares NVIDIA (NVDA) Options Investment Strategy zu überlassen. Ungünstige Ergebnisse der IncomeShares NVIDIA (NVDA) Options Investment Strategy können sich auf dem Wert der ETP - Wertpapiere negativ auswirken, und das kann dazu führen, dass die ETP-Wertpapierhalter weniger oder wesentlich weniger als ihren anfänglichen Investitionsbetrag bekommen.

ETP-Wertpapiere, die an Short-Positionen in Call-Optionen gebunden sind: Der Verkauf von Call-Optionen setzt die ETP-Wertpapiere dem Risiko aus, dass der Preis des zugrunde liegenden Vermögenswerts der Call-Option am Ausübungstag seinen Ausübungspreis übersteigt. Der Aussteller kann die Call-Optionen auf abgescherter Basis abschließen, wobei er auch den entsprechenden zugrunde liegenden Vermögenswert kauft, sodass etwaige Verluste aus der Call-Option durch einen entsprechenden Gewinn aus dem zugrunde liegenden Vermögenswert ausgeglichen werden. Der Aussteller ist jedoch möglicherweise nicht in der Lage, ausreichend zugrunde liegenden Vermögenswerte zu erwerben, um sein Exposure im Rahmen der Call-Optionen abzudecken, was zu einem Verlust führen kann, sofern die Call-Option ganz oder teilweise ungedeckt ist. Darüber hinaus ist der Aussteller, sofern er die zugrunde liegenden Vermögenswerte besitzt, dem Risiko ausgesetzt, dass der Preis der zugrunde liegenden Vermögenswerte sinkt, was auch zu einer Herabsetzung des ETP-Wertpapierwerts führen kann.

D Wichtige Informationen zum öffentlichen Angebot von Wertpapieren und/oder zur Zulassung zum Handel an einem geregelten Markt

Unter welchen Bedingungen und nach welchem Zeitplan kann ich in diese Wertpapiere investieren?

Die ETP-Wertpapiere werden von dem Aussteller nur autorisierten Teilnehmern zur Verfügung gestellt, die von dem Aussteller im Zusammenhang mit dem Programm ernannt wurden und die einen gültigen Zeichnungsauftrag an den Aussteller gestellt haben. Neuaustellungen von ETP-Wertpapieren werden in der Regel am zweiten Londoner Geschäftstag (ein Tag (nicht Samstag oder Sonntag), an dem Geschäftsbanken und Devisenmärkte Zahlungen in London abwickeln) nach dem Tag, an dem ein gültiger Zeichnungsauftrag bei dem Aussteller eingegangen ist, zusammen mit der entsprechenden Gebühr abgerechnet, sofern dieser Auftrag an diesem Tag vor 14.30 Uhr Londoner Zeit eingeht.

In Bezug auf jede Serie von ETP-Wertpapieren umfassen die von den Inhabern von ETP-Wertpapieren zu zahlenden Gebühren die folgenden Komponenten: (i) eine Arrangeur-Gebühr, die zu einem Satz von 0.55% pro Jahr des ETP-Wertpapierwertes, den ein ETP-Wertpapierinhaber hält, erhoben wird; (ii) die entsprechenden Finanzierungs- und Maklergebühren angepasst werden können; (iii) Steuern, Gebühren und andere Beträge, die an die irischen Revenue Commissioners zu zahlen sind; (iv) Beträge, der Margin-Darlehen Anbieter und den aktenkundigen Broker zu zahlen sind; und (v) die Kosten und Aufwendungen, die im Zusammenhang mit der Liquidation der Sicherungsgegenstände anfallen.

Der Aussteller wird diese Kosten an die Anleger weitergeben und damit den Wert ihrer Investition in die ETP-Wertpapiere reduzieren. Der Aussteller wird den Anlegern keine weiteren Kosten in Rechnung stellen.

Ausstellungsspezifische Zusammenfassung:

Beträge, die dem Margenkonto gutgeschrieben werden, können nach dem Ermessen des Portfolioverwalters auch als Barguthaben auf dem Margenkonto geführt oder in zusätzliche Vermögenswerte investiert werden.

Das Angebot von ETP-Wertpapieren unterliegt nicht einer Zeichnungsvereinbarung auf einer festen Verpflichtungsbasis.

Wesentliche Interessenkonflikte

Die autorisierten Teilnehmer und/oder ihre jeweiligen Partner können auf bestimmten Märkten aktive Händler sein. Diese Handelsaktivitäten können zu einem Konflikt zwischen den Inhabern der ETP-Wertpapiere und den Interessen der zugelassenen Teilnehmer und ihrer jeweiligen verbundenen Unternehmen an ihren eigenen Konten, an der Ermöglichung von Transaktionen, einschließlich Optionen und anderen Derivatgeschäften, für ihre Kunden und an den von ihnen verwalteten Konten führen.

Diese Handelsaktivitäten könnten, wenn sie den Wert eines Index oder einer Anlagestrategie, an die eine Reihe von ETP-Wertpapieren gebunden ist, beeinflussen, den Interessen der Inhaber von ETP-Wertpapieren abträglich sein. Die Autorisierten Teilnehmer und ihre jeweiligen Partner können auch zusätzliche Wertpapiere ausgeben oder übernehmen oder mit anderen Produkten handeln, deren Rendite an den Wert eines Index oder einer Anlagestrategie, die an eine Serie von ETP-Wertpapieren oder andere ähnliche Strategien gekoppelt ist, gebunden ist. Ein erhöhter Umfang der Anlage in diese Produkte kann sich negativ auf den Umfang eines Index oder einer Anlagestrategie, an den/die eine Serie von ETP-Wertpapieren gebunden ist, und damit auf den Betrag, der in Bezug auf diese Serie von ETP-Wertpapieren an ihrem angegebenen Fälligkeitstermin oder gegebenenfalls an einem früheren Rückzahlungstermin zu zahlen ist, sowie auf den Marktwert dieser ETP-Wertpapiere auswirken.

GWM Limited (die als aktenkundiger Broker fungiert und die auch als Portfolio-Verwalter in Bezug auf eine Serie von ETP-Wertpapieren fungieren kann) und die Bestimmungsstelle stehen unter dem gemeinsamen Eigentum von Jose Gonzalez, der auch ein Direktor und der letztendliche Mehrheitsaktionär des Arrangeurs ist. Wenn diese Einrichtungen handeln, haben sie nur die Pflichten und Verantwortlichkeiten, denen sie in der betreffenden Funktion ausdrücklich zugestimmt haben, und es wird nicht davon ausgegangen, dass sie aufgrund ihrer Verbindung zu einer Einrichtung, die in einer anderen Funktion handelt, andere Pflichten oder Verantwortlichkeiten haben oder einen anderen Sorgfaltsstandard haben als den, der für jede dieser Funktionen ausdrücklich vorgesehen ist.

Quels sont les risques clés spécifiques à l'Émetteur ?

L'Émetteur est une entité à finalité spécifique: L'Émetteur est une entité à finalité spécifique dont l'unique fonction est d'émettre des Titres ETP. Les seuls fonds de l'Émetteur visant à effectuer des paiements dans le respect d'une Série de Titres ETP sont les montants reçus par l'Émetteur pour la réalisation d'actifs (tels que définis ci-dessous). Pour chaque Série, l'Émetteur créera un titre sur les Actifs dans le respect de cette Série et pour le bénéfice, entre autres, des détenteurs de titres de cette Série.

Au cas où un titre crée par l'Émetteur est exercé, et que les bénéfices de cette exécution sont, après le paiement des créanciers de premier rang, insuffisants pour payer les montants dû aux détenteurs de Titres ETP, l'Émetteur n'aura aucune responsabilité, obligation ou dette pour tout manquement de paiement, et aucun détenteur de Titres ETP ou fiduciaire (ou tout autre partie agissant en leur nom) ne pourra prendre de mesures pour recouvrer les sommes.

Réclamations du Fournisseur de Prêt sur Marge : Les investisseurs doivent être conscients que les accords conclus entre l'Émetteur et les Fournisseurs de Prêt sur Marge (les « Contrats de Compte sur Marge LS »), ne contiennent pas de dispositions de recours limité en ce qui concerne les obligations de l'Émetteur. Il existe donc un risque que, en cas de réclamation d'un Fournisseur de Prêt sur Marge à l'encontre de l'Émetteur, en relation avec un Contrat de Compte sur Marge LS, si à la suite de la réalisation

intégrale des Biens Garanties (que ce soit par voie de liquidation ou d'exécution) à l'égard d'une Série de Titres ETP et des liquidités disponibles conformément aux ordres de priorités de l'Acte Fiduciaire, une plainte contre l'Émetteur reste en suspens, une telle plainte peut être entamée contre les actifs relevant des autres Titres ETP en circulation sur une base proportionnelle. GWN Limited peut agir à titre de courtier négociant concernant certaines Séries de Titres ETP (Le Courtier Négociant) cependant s'est engagé à indemniser l'Émetteur pour toute perte, coût, plainte, action en justice, revendication ou dépense que l'Émetteur peut encourir résultant de plaintes venant du Fournisseur de Prêt sur Marge.

C. Informations clés sur les Titres

Quelles sont les caractéristiques principales des Titres ?

Chaque Série de Titre ETP sera liée à un indice (l' "**Indice**") ou alors suivra une stratégie d'investissement qui définira la manière par laquelle le produit net de l'émission de Titres ETP sera investi accompagné de tout effet de levier employé dans le respect d'une telle stratégie d'investissement (la "**Stratégie d'Investissement**"). L'Indice ou la Stratégie d'Investissement mentionnera un ou plusieurs actifs (les "**Actifs de Référence**") qui peuvent consister en (i) titres de capital, (ii) titres de créance, (iii) titres à revenu fixe, (iv) parts d'ETF (exchange traded funds), (v) fonds communs de placement (éléments (i) à (v)), ("**Actifs Physiques**") ou (vi) contrats à terme et (vii) les contrats d'options.

Les Séries de Titres ETP peuvent offrir une exposition à la hausse avec un effet de levier ("**Expositions à Effet de Levier**"), une exposition à la baisse ("**Expositions à la baisse**") ou exposition +1x ("**Expositions Normales**") aux Actifs de Référence. Par rapport aux Séries de Titres ETP offrant des Expositions à Effet de Levier et des expositions à la baisse, le degré d'effet de levier ou exposition à la baisse sera intégré soit dans (i) l'Indice ou la Stratégie d'Investissement ; soit (ii) directement dans les Titres ETP. Le degré d'effet de levier qui s'appliquera à chaque Série de Titres ETP sera reflété dans l'effet de levier applicable (l' "**Effet de Levier**"). Des séries de titres ETP peuvent également être émises dans le but de générer un revenu pour financer les paiements d'intérêts périodiques (l' "**Income Series** »). La stratégie d'investissement d'une Income Series peut également prévoir une exposition avec effet de levier aux actifs de référence concernés, dont les détails seront inclus dans la description de la stratégie d'investissement.

Les actifs mobilisés relatifs à chaque Série de Titres ETP sont :

- dans le cas des Expositions à Effet de Levier et des Expositions Normales où les Actifs de Référence sont des Actifs Physiques : Les Actifs de Référence de l'Indice ou de la Stratégie d'Investissement applicables à chaque Série de Titres ETP ; des Actifs Accessoires (tels que définis ci-dessous) ; et tout argent liquide ;
- dans le cas des expositions à la baisse où les Actifs de Référence sont des Actifs Physiques : la valeur du marché des prêts de titres ; les Actifs Accessoires ; et tout argent liquide ;
- dans le cas de Titres ETP où les Actifs de Référence sont des contrats à terme : la valeur du marché des contrats à terme ; les Actifs Accessoires ; et tout argent liquide,
- dans le cas d'Income Series où les actifs de référence sont des contrats d'options : la valeur marchande des contrats d'options ; tout actif sous-jacent aux contrats d'options acquis par l'Émetteur pour (i) couvrir son exposition au titre des options conformément à la Stratégie d'investissement ou (ii) à la suite du règlement physique des contrats d'options ; Actifs auxiliaires ; et tout argent liquide ;
- dans le cas d'Income Series offrant des expositions à effet de levier où les actifs de référence sont des actifs physiques : les actifs de référence de la stratégie d'investissement pour cette série de titres ETP ; Actifs auxiliaires ; et tout argent

dans chaque cas annoncé dans le compte sur marge établi par cette Série (le "**Compte sur Marge**" et les "**Actifs donnés en Garantie**").

Des soldes créditeurs sur un Compte sur Marge relatifs à une Série de Titres ETP, dans la mesure où ils ne sont pas requis pour un investissement qui répliquerait la performance de l'Indice pertinent à cette Série ou pour un investissement en conformité à la Stratégie d'Investissement de cette Série, peuvent sur instruction du Gestionnaire de Portefeuille être conservés comme soldes dans le Compte sur Marge ou investis en dette souveraine dans la monnaie de libellé des Titres ETP assortis d'une échéance

inférieure à un mois et notés au minimum A-1 par Standard & Poor's Ratings Services, et/ou P-1 par Moody's Investors Service Ltd, et/ou F1 par Fitch Ratings Limited (les "Actifs Accessoires").

Le cas échéant, chaque Série de Titres ETP mentionnera la performance de l'Indice ou de la Stratégie d'Investissement associé et ce, de manière quotidienne, hebdomadaire, mensuelle ou sur une tout autre période indiquée dans les Conditions Finales (la "Période de Rééquilibrage"). A la fin de chaque Période de Rééquilibrage le Compte sur Marge sera reconstitué afin de tracer la performance de l'Indice ou de continuer la Stratégie d'Investissement.

Le montant du remboursement des Titres ETP proviendra de la liquidation des Garanties, achetées ou vendues suivant l'Effet de Levier de ces Séries de Titres ETP.

Pour chaque Income Series, l'Émetteur effectuera les paiements des montants d'intérêts au titre des Titres ETP de cette Série à la date de paiement des intérêts concernée, comme indiqué dans les Conditions Définitives.

Les Titres ETP sont librement négociables.

Chaque Série de Titres ETP donnera uniquement aux détenteurs de Titres ETP les droits de participer au produit de la liquidation avec une portion pro rata, relative aux détenteurs de Titres ETP, des Garanties détenues dans le Compte sur Marge relatif à chaque Série, après le prélèvement pro rata de tous les coûts et dépenses encourus par l'Émetteur en relation à la liquidation de ces Garanties, le prélèvement pro rata des Frais d'Arrangement et toute marge d'intérêt, des frais de prêt de titres et des frais de courtage ("Frais de Financement et de Courtage") s'y rapportant et dans le cas des Income Series, tout ajustement au prorata pour tenir compte de tout montant d'intérêt à payer à l'égard des titres ETP. Cette liquidation se fera à la date de l'Échéance Finale (comme spécifié ci-dessous) ou dans des circonstances particulières avant cette date.

Pour les jours spécifiques d'évaluation, une "Valeur des Titres ETP" sera calculée par un Agent de Détermination qui reflétera la valeur de sûreté relative aux Titres ETP qui sera rajustée pour prendre en compte les frais et dépenses applicables.

Pour chaque Série, l'Émetteur créera une sûreté sur les garanties relatives à cette Série pour le bénéfice, entre autres, des détenteurs de Titres ETP de cette Série. Après la mise en place des garanties accordées par l'Émetteur au regard de chaque Série, le Fiduciaire appliquera le produit de la réalisation des Garanties dans l'ordre applicable des priorités sous lesquelles les sommes dues aux détenteurs de Titres ETP seront subordonnées de tous coût, frais, dépenses et tous les autres montants incluant (de façon non restrictive) les coûts de la mise en œuvre et/ou de la réalisation de la sûreté à cause du Fiduciaire ou tout autre récepteur, dans chaque cas lié aux détenteurs de Titres ETP.

Si, en relation avec une Série de Titre ETP, le produit net de la réalisation de la sûreté créée relative à cette Série par l'Émetteur est insuffisant pour couvrir les coûts dus par l'Émetteur aux créanciers garantis (autre que le(s) Fournisseur(s) de Prêt sur Marge) relatifs à cette Série, aucun autre actif de l'Émetteur ne servira à couvrir ce déficit et toute revendication de ces créanciers garantis seront étouffées. Aucune partie (autre que le(s) Fournisseur(s) de Prêt sur Marge) ne pourra prendre des mesures supplémentaires contre l'Émetteur pour recouvrer une quelconque somme.

Titres ETP liés à des positions vendeuses sur options d'achat : la vente d'options d'achat expose les Titres ETP au risque que le prix de l'actif sous-jacent de l'option d'achat dépasse son prix d'exercice à la date d'exercice. L'émetteur peut saisir les options d'achat sur une base couverte, ce qui signifie qu'il achètera également l'actif sous-jacent concerné de sorte que toute perte subie sur l'option d'achat soit compensée par un gain équivalent sur l'actif sous-jacent. Toutefois, l'émetteur pourrait ne pas être en mesure d'acquiescer suffisamment d'actifs sous-jacents pour couvrir son exposition au titre des options d'achat, ce qui pourrait entraîner une perte dans la mesure où l'option d'achat est totalement ou partiellement découverte. De plus, dans la mesure où il possède les actifs sous-jacents, l'émetteur sera exposé au

risque de baisse du prix des actifs sous-jacents, ce qui peut également entraîner une diminution de la valeur du titre ETP.

Papiery Wartościowe ETP powiązane z krótkimi pozycjami w opcjach kupna: sprzedaż opcji kupna naraża Papiery Wartościowe ETP na ryzyko, że cena instrumentu bazowego opcji kupna przekroczy cenę wykonania

w dniu wykonania. Emitent może skorzystać z opcji kupna na zasadzie zabezpieczenia, w ramach której zakupi również odpowiedni bazowy składnik aktywów, tak aby wszelkie straty poniesione w związku z opcją kupna zostały zrekompensowane równoważnym zyskiem z bazowego składnika aktywów. Jednakże Emitent może nie być w stanie pozyskać wystarczających aktywów bazowych do pokrycia swojej ekspozycji wynikającej z opcji kupna, co może spowodować stratę w zakresie, w jakim opcja kupna będzie całkowicie lub częściowo niezabezpieczona. Dodatkowo, w zakresie, w jakim jest właścicielem aktywów bazowych, Emitent będzie narażony na ryzyko spadku ceny aktywów bazowych, co może również skutkować spadkiem Wartości Papieru Wartościowego ETP.

Elke Serie van ETP Effecten zal ofwel gekoppeld zijn aan een index (de " **Index** ") of zal een beleggingsstrategie nastreven die de manier beschrijft waarop de opbrengsten van de uitgifte van de ETP Effecten zullen worden belegd, samen met eventuele hefboomwerking die moet worden gebruikt met betrekking tot een dergelijke beleggingsstrategie (de " **Beleggingsstrategie** "). De Index of Beleggingsstrategie zal verwijzen naar een of meer activa (de " **Referentie-activa** ") die kunnen bestaan uit (i) aandelen, (ii) schuldeffecten, (iii) vastrentende effecten, (iv) deelbewijzen in op de beurs verhandelde fondsen; (v) beleggingsfondsen (items (i) tot (v), (" **Fysieke activa** ") of (vi) futures-contracten en (vii) optiecontracten.

Met betrekking tot Series van ETP Effecten die Hefboomblootstellingen en Shortblootstellingen aanbieden, zal de mate van hefboomwerking of omgekeerde hefboomwerking worden ingebed in (i) de Index of Beleggingsstrategie; of (ii) rechtstreeks in de ETP Effecten. De mate van hefboomwerking die van toepassing zal zijn op elke Serie van ETP Effecten zal worden weerspiegeld in de toepasselijke hefboomfactor (de " **Hefboomfactor** "). Er kunnen ook series van ETP-effecten worden uitgegeven, die tot doel hebben inkomsten te genereren ter financiering van periodieke rente (de " **Income Series** "). De beleggingsstrategie van een Income Series kan ook worden voorzien van een: Hefboomblootstelling aan de relevante referentieactiva, waarvan de details in de beschrijving zullen worden opgenomen van de Investeringsstrategie.

in elk geval zoals aangehouden op de margerekening(en) die voor die Serie zijn opgericht (de " **Margerekening** " en de " **Onderpand activa** ").

Bedragen die ten gunste van een Marginrekening staan met betrekking tot een Serie ETP Effecten, voor zover niet vereist voor beleggingen, om de prestatie van de relevante Index voor die Serie te repliceren of voor beleggingen in overeenstemming met de Beleggingsstrategie voor die Serie, kunnen op aanwijzing van de Portefeuillebeheerder worden aangehouden als kassaldo's op de Margerekening of worden belegd in overheidsschuld in de valuta waarin de ETP Effecten luiden met een oorspronkelijke looptijd van minder dan

één maand en die een rating heeft van ten minste A-1, volgens Standard & Poor's Ratings Services, en/of P-1 door Moody's Investors Service Ltd. en/of F1 door Fitch Ratings Limited (de " **Aanvullende Activa** ").

Aan het einde van elke herbalancerings periode wordt de margerekening opnieuw samengesteld om de prestaties van de index te volgen of de beleggingsstrategie na te streven.

Het aflossingsbedrag van de ETP Effecten zal worden afgeleid van de vereffening van de Onderpandactiva, zoals gekocht of verkocht in overeenstemming met de Hefboomfactor van een dergelijke Serie van ETP Effecten.

Met betrekking tot elke Income Series, zal de Emittent rentebetalingen doen met betrekking tot de ETP Effecten van die Serie op de relevante rente betalingsdatum. Zoals uiteengezet in de Definitieve Voorwaarden.

De ETP Effecten zijn vrij overdraagbaar.

Elke Serie van ETP Effecten zal alleen rechten geven aan ETP Effectenhouders om deel te nemen in de opbrengst van de liquidatie van een *pro rata* deel, met betrekking tot dergelijke ETP Effectenhouders, van de Onderpand activa aangehouden op de relevante Marginrekening met betrekking tot de dergelijke Serie, na de *pro rata* aftrek van alle kosten en uitgaven gemaakt door de Emittent in verband met de vereffening van dergelijke Onderpandactiva, de *pro rata* aftrek van de Arrangeurvergoeding en eventuele toepasselijke margerente, vergoedingen voor effectenleningen en makelaarskosten (" **Financierings- en Makelaarskosten** ") daarop opgebouwd en in het geval waar de Inkomsten Serie, *pro rata* aanpassingen doet om rekening te houden met eventuele rentebedragen die moeten worden betaald met betrekking tot de ETP-effecten. Voor elke Serie zal de Emittent zekerheid creëren over de Onderpand activa met betrekking tot die Serie ten gunste van, onder andere, de ETP Effectenhouders van die Serie. Na de executie van de zekerheid die door de Emittent is verleend met betrekking tot elke Serie, zal de Trustee de opbrengsten die zijn verkregen uit de realisatie van de Onderpand activa die het onderwerp zijn van de zekerheid toepassen in de toepasselijke volgorde van prioriteit waaronder de bedragen die verschuldigd zijn aan de ETP Effectenhouders zijn achtergesteld bij alle kosten, vergoedingen, uitgaven en alle andere bedragen, inclusief (maar niet beperkt tot) de kosten van het afdwingen en/of realiseren van enige zekerheid die verschuldigd is aan de Trustee zelf en een eventuele ontvanger, in elk geval met betrekking tot de ETP Effectenhouders.

Indien, met betrekking tot een Serie ETP Effecten, de netto-opbrengst van de realisatie van de zekerheid gecreëerd met betrekking tot dergelijke Serie door de Emittent onvoldoende is om alle bedragen te betalen die de Emittent verschuldigd is aan de gedekte schuldeisers (anders dan de aanbieder van de Marge lening(en)) met betrekking tot die Serie, zullen geen andere activa van de Emittent beschikbaar zijn om enig tekort te dekken en zullen alle uitstaande vorderingen van dergelijke gedekte schuldeisers teniet worden gedaan. Geen enkele partij (anders dan de aanbieder van de Marge lening(en)) zal het recht hebben om verdere stappen te ondernemen tegen de Emittent om een verder bedrag terug te vorderen.

Specifieke samenvatting:

Er is een aanvraag ingediend bij de Financial Conduct Authority (“FCA”) om de ETP Effecten waarop deze Definitieve Voorwaarden van toepassing zijn, te laten opnemen in de Officiële Lijst van de FCA. Er is een aanvraag ingediend bij de London Stock Exchange voor de ETP Effecten waarop deze Definitieve Voorwaarden van toepassing zijn om te worden toegelaten tot de handel op de Main Market van de London Stock Exchange.

Wat zijn de belangrijkste risico's die specifiek zijn voor de Effecten?

EEN BELEGGING IN ETP EFFECTEN BRENGT EEN AANZIENLIJK RISICO MET ZICH MEE. Hieronder volgen de belangrijkste risicofactoren waarmee potentiële beleggers zorgvuldig rekening moeten houden voordat ze beslissen of ze in de ETP Effecten willen beleggen. Beleggers dienen hun eigen financiële, juridische, boekhoudkundige en belastingadviseurs te raadplegen over de risico's van een belegging in ETP Effecten.

Marktprijs van de ETP Effecten: De ETP Effecten kunnen een lange looptijd hebben en de definitieve aflossingsdatum kan tot 50 jaar vanaf de oorspronkelijke uitgiftedatum van de serie liggen. De enige manier waarop een belegger in staat zal zijn om waarde te realiseren van een ETP-effect vóór de definitieve aflossingsdatum, is door het te verkopen tegen de dan geldende marktprijs in een secundaire markttransactie.

Marktvorming door geautoriseerde deelnemers: Beleggers zijn afhankelijk van de aanwezigheid van een of meer geautoriseerde deelnemers die een markt in ETP Effecten aangaan, om beleggers van liquiditeit te voorzien. Beleggers dienen zich ervan bewust te zijn dat geen enkele geautoriseerde deelnemer verplicht is om een markt te openen voor een serie ETP Effecten en in omstandigheden waarin een geautoriseerde deelnemer een markt maker is met betrekking tot een serie ETP Effecten, kan een dergelijke geautoriseerde deelnemer stoppen met het maken van een markt op elk gewenst moment. Als er geen geautoriseerde deelnemers zijn, of de geautoriseerde deelnemer(s) er niet in slagen om effectief een markt te creëren in de ETP Effecten van een serie, zijn de beleggers mogelijk niet in staat om dergelijke ETP Effecten binnen een korte tijdsperiode of tegen een prijs te verkopen dicht bij de ETP-beveiligingswaarde voor die serie. Als beleggers de ETP Effecten niet kunnen verkopen, kunnen ze hun belegging pas op de uiterste terugkoopdatum realiseren.

Specifieke samenvatting

ETP Effecten gekoppeld aan een beleggingsstrategie: elk ETP Effect zal worden gekoppeld aan de prestaties van de referentieactiva waarnaar wordt verwezen door een dergelijke beleggingsstrategie. Beleggers hebben geen eigendomsrechten op referentieactiva van een beleggingsstrategie. Het te betalen bedrag bij aflossing van de ETP Effecten hangt af van de vereffening van de Onderpandactiva met betrekking tot die Serie.

Actief beheerde beleggingsstrategie: Houders van ETP Securities hebben niet het recht om deel te nemen aan het beheer van de Onderpand activa van de ETP Securities. Alle beslissingen met betrekking tot de belegging van de ETP Securities zullen worden genomen in overeenstemming met de IncomeShares NVIDIA (NVDA) Options Investment Strategy. Niemand mag ETP Securities kopen, tenzij hij bereid is alle aspecten van het beheer van de Onderpand activa toe te vertrouwen aan de Portefeuillebeheerder, om te beleggen in overeenstemming met de IncomeShares NVIDIA (NVDA) Options Investment Strategy. Slechte prestaties van de IncomeShares NVIDIA (NVDA) Options Investment Strategy kunnen een negatieve invloed hebben op de waarde van de ETP Securities, wat ertoe kan leiden dat de houders van ETP Securities minder of aanzienlijk minder ontvangen dan hun initiële belegging.

ETP effecten gekoppeld aan shortposities in call-opties: door call-opties te verkopen, worden de ETP effecten blootgesteld aan het risico dat de prijs van de onderliggende waarde van de call-optie hoger is dan de uitoefenprijs op de uitoefendatum. De Emittent kan de call-opties op een gedekte basis invoeren, waarbij hij ook de relevante onderliggende waarde zal kopen, zodat elk verlies op de call-optie zal worden gecompenseerd door een gelijkwaardige winst op de onderliggende waarde. Het is echter mogelijk dat de Emittent niet in staat is om voldoende onderliggende activa te verwerven om zijn blootstelling onder de call-opties te dekken, wat een verlies kan veroorzaken in de mate dat de call-optie geheel of gedeeltelijk gedekt is. Bovendien zal de Emittent, voor zover hij de onderliggende activa bezit, worden blootgesteld aan het risico dat de prijs van de onderliggende activa daalt, wat ook kan resulteren in een daling van de ETP veiligheidswaarde.

D Essentiële informatie over het aanbod van Effecten aan het publiek en/of de toelating tot handel op een gereglementeerde markt

Onder welke voorwaarden en welk tijdschema kan ik investeren in de ETP Effecten?

De ETP Effecten worden door de Emittent alleen beschikbaar gesteld voor inschrijving aan Geautoriseerde deelnemers die door de Emittent zijn aangesteld met betrekking tot het Programma en die een geldige inschrijvingsopdracht hebben ingediend bij de Emittent. Nieuwe uitgaven van ETP Effecten worden over het algemeen afgewikkeld op de tweede Londense Werkdag (een dag (anders dan een zaterdag of zondag) waarop commerciële banken en valutamarkten betalingen in Londen afwickelen) volgend op de datum waarop een geldige inschrijvingsopdracht is ontvangen door de Emittent, samen met de toepasselijke vergoeding, op voorwaarde dat een dergelijke bestelling op die dag vóór 14.30 uur Londense tijd is ontvangen.

Met betrekking tot elke Serie van ETP Effecten omvatten de vergoedingen die verschuldigd zijn door ETP Effecten houders de volgende componenten: (i) een Arrangeur vergoeding die in rekening wordt gebracht tegen een tarief van 0.55% per jaar van de ETP-beveiligingswaarde die wordt aangehouden door een ETP-Securityhouder ; (ii) de relevante Financierings- en Makelaars vergoedingen die onderhevig zijn aan aanpassing; (iii) belastingen, vergoedingen en andere bedragen te betalen aan de Irish Revenue Commissioners; (iv) bedragen te betalen de Aanbieder van marge leningen en de geregistreerde Broker Dealer; en (v) de kosten en uitgaven die zijn gemaakt in verband met de vereffening van de Onderpandactiva.

De Emittent zal deze kosten doorberekenen aan beleggers, waardoor de waarde van hun belegging in de ETP Effecten wordt verlaagd. De Emittent zal geen andere kosten aanrekenen aan beleggers.

Specifieke samenvatting:

Een aanbieding van de ETP Effecten die niet binnen een vrijstelling valt van de verplichting om een prospectus te publiceren onder de Verordening (EU) 2017/1129 tijdens de relevante aanbiedingsperiode, kan worden gedaan in Ierland, Italië, Duitsland, Frankrijk, Spanje, Nederland, Polen en België.

Waarom wordt dit prospectus opgesteld?

De redenen voor het aanbieden en aanwenden van opbrengsten zijn het maken van winst en/of hedging.

Specifieke samenvatting:

Het geschatte nettobedrag van de opbrengst van de uitgifte is USD 100000.

De Emittent zal de opbrengst van de uitgifte gebruiken om de gerelateerde Margerekeningen te financieren die nodig kunnen zijn om posities in de Referentie-activa te behouden om (voor zover mogelijk) het rendement van de Index te repliceren of om de Beleggingsstrategie na te streven waarnaar in de Serie wordt verwezen rekening houdend met de toepasselijke Hefboomfactor. Bedragen die op de Margerekening staan, kunnen, naar goeddunken van de Portefeuillebeheerder, ook worden aangehouden als kassaldo's op de Margerekening of worden belegd in Aanvullende Activa.

Het aanbod van ETP Effecten is niet onderworpen aan een onderschrijvings overeenkomst op basis van een vaste verbintenis.

Materiële belangenverstrengeling

De Geautoriseerde Deelnemers en/of hun respectievelijke filialen kunnen actieve handelaren zijn in bepaalde markten. Deze handelsactiviteiten kunnen een conflict opleveren tussen de houders van de ETP Effecten en de belangen die de geautoriseerde deelnemers en hun respectievelijke gelieerde ondernemingen kunnen hebben in hun eigen rekeningen, bij het faciliteren van transacties, inclusief opties en andere derivaten transacties, voor hun klanten en in rekeningen onder hun beheer. Deze handelsactiviteiten kunnen, als ze de waarde van een Index of Beleggingsstrategie waaraan een Reeks ETP Effecten is gekoppeld, beïnvloeden, of nadelig zijn voor de belangen van de ETP Effectenhouders. De geautoriseerde deelnemers en hun respectievelijke geassocieerde ondernemingen kunnen ook aanvullende effecten uitgeven of verzekeren, of andere producten verhandelen waarvan het rendement is gekoppeld aan de waarde van een index of beleggingsstrategie die is gekoppeld aan een serie ETP Effecten of andere vergelijkbare strategieën. Een hoger niveau van belegging in deze producten kan een negatief effect hebben op het niveau van een Index of Beleggingsstrategie waaraan een Serie ETP Effecten is gekoppeld en dus het te betalen bedrag met betrekking tot de dergelijke Serie ETP Effecten, op hun vermelde vervaldatum of enige voorafgaande aflossing datum, indien van toepassing, en de marktwaarde van dergelijke ETP Effecten.

GWM Limited (die kan optreden als de Broker Dealer of Record en/of Portefeuillebeheerder en/of Geautoriseerde Deelnemer met betrekking tot een Serie ETP Effecten) en de Bepalingsagent zijn onder de gemeenschappelijke eigendom van Jose Gonzalez, die ook een bestuurder is en de uiteindelijke meerderheidsaandeelhouder van de Arrangeur. Wanneer dergelijke entiteiten optreden, zullen zij alleen de

taken en verantwoordelijkheden hebben die uitdrukkelijk door hen in de relevante hoedanigheid zijn overeengekomen en zullen, omdat zij verbonden zijn met een entiteit die in een andere hoedanigheid handelt, niet worden geacht andere taken of verantwoordelijkheden te hebben of worden geacht een andere zorgstandaard te hebben dan uitdrukkelijk met betrekking tot elk van die hoedanigheden is bepaald.

What are the key risks that are specific to the Issuer?

The Issuer is a special purpose vehicle: The Issuer is a special purpose vehicle with the sole business of issuing ETP Securities. The Issuer’s only funds to make payments in respect of a Series of ETP Securities are the amounts received by the Issuer from the realisation of the Collateral Assets (as defined below). For each Series, the Issuer will create security over the Collateral Assets in respect of that Series for the benefit of, amongst others, the ETP Securityholders of that Series. In the event that the security created by the Issuer is enforced, and the proceeds of such enforcement are, after making payment to all senior ranking creditors, insufficient to pay all amounts due to such ETP Securityholders in full, the Issuer shall have no liability, obligation or debt for any shortfall in payment and none of the ETP Securityholders or the Trustee (or any other party acting on their behalf) may take any further action to recover such amounts.

Claims of the Margin Loan Provider: Investors should be aware that the agreements entered into between the Issuer and the Margin Loan Providers (the “**LS Margin Account Agreements**”) do not contain limited recourse provisions with respect to the obligations of the Issuer.

There is a risk therefore that, in respect of a claim against the Issuer by a Margin Loan Provider in relation to an LS Margin Account Agreement, if following realisation in full of the Secured Property (whether by way of liquidation or enforcement) in respect of a Series of ETP Securities and application of available cash in accordance with the applicable orders of priority and the Trust Deed, a claim remains outstanding against the Issuer, such claim may be made against assets attributable to other outstanding Series of ETP Securities on a *pro rata* basis. GWM Limited, who may act as the broker dealer of record with respect to certain Series of ETP Securities (the “**Broker Dealer of Record**”) however, has agreed to indemnify the Issuer against any loss, cost,

claim, action, demand or expense which the Issuer may incur as a result of any such claims by the Margin Loan Provider.

C Key Information on the Securities

What are the main features of the Securities?

Each Series of ETP Securities will either be linked to an index (the “**Index**”) or will pursue an investment strategy which will describe the manner in which the proceeds of the issuance of the ETP Securities will be invested along with any leverage to be employed in respect of such investment strategy (the “**Investment Strategy**”). The Index or Investment Strategy will reference one or more assets (the “**Reference Assets**”) which can consist of (i) equity securities, (ii) debt securities, (iii) fixed income securities, (iv) units in exchange traded funds; (v) mutual funds (items (i) to (v), (“**Physical Assets**”) or (vi) futures contracts and (vii) options contracts.

Series of ETP Securities can offer leveraged long exposure (“**Leveraged Exposures**”), short inversed leveraged exposure (“**Short Exposures**”) or +1x exposure (“**Normal Exposures**”) to the Reference Assets. With respect to Series of ETP Securities offering Leveraged Exposures and Short Exposures, the degree of leverage or inversed leverage will be embedded in either (i) the Index or Investment Strategy; or (ii) directly in the ETP Securities. The degree of leverage which will apply for each Series of ETP Securities will be reflected in the applicable leverage factor (the “**Leverage Factor**”). Series of ETP Securities may also be issued which have the objective of generating income to fund periodic interest payments (the “**Income Series**”). The Investment Strategy of an Income Series may also provide for a Leveraged Exposure to the relevant Reference Assets, details of which will be included in the description of the Investment Strategy.

The underlying assets in respect of each Series of ETP Securities are:

- in the case of Leveraged Exposures and Normal Exposures where the Reference Assets are Physical Assets: the Reference Assets of the applicable Index or Investment Strategy for such Series of ETP Securities; Ancillary Assets (as defined below); and any cash;
- in the case of Short Exposures where the Reference Assets are Physical Assets: the mark to market value of securities loans; the Ancillary Assets; and any cash;
- in the case of ETP Securities where the Reference Assets are futures contracts: the mark to market value of the futures contracts; the Ancillary Assets; and any cash;
- in the case of Income Series where the Reference Assets are options contracts: the mark to market value of the options contracts; any underlying assets of the options contracts acquired by the Issuer to (i) cover its exposure under the options in accordance with the Investment Strategy or (ii) as a result of the options contracts being physically settled; Ancillary Assets; and any cash;
- in the case of Income Series offering Leveraged Exposures where the Reference Assets are Physical Assets: the Reference Assets of the Investment Strategy for such Series of ETP Securities; Ancillary Assets; and any cash,

in each case as held in the margin account(s) established for that Series (the “**Margin Account**” and the “**Collateral Assets**”).

Amounts standing to the credit of a Margin Account in respect of a Series of ETP Securities, to the extent not required for investment to replicate the performance of the relevant Index for that Series or for investment in accordance with the Investment Strategy for that Series, may at the direction of the Portfolio Administrator be maintained as cash balances in the Margin Account or invested in sovereign debt in the currency of denomination of the ETP Securities with an original maturity of less than one month which is rated at least A-1 by Standard & Poor's Ratings Services, and/or P-1 by Moody's Investors Service Ltd. and/or F1 by Fitch Ratings Limited (the “**Ancillary Assets**”).

Where applicable, each Series of ETP Securities will reference the performance of the related Index or Investment Strategy over a daily, weekly, monthly period or such other period as set out in the Final Terms (the “**Rebalance Period**”). At the end of each Rebalance Period the Margin Account will be reconstituted in order to track the performance of the Index or pursue the Investment Strategy.

The redemption amount of the ETP Securities will be derived from the liquidation of the Collateral Assets, as purchased or sold in accordance with the Leverage Factor of such Series of ETP Securities.

In respect of each Income Series, the Issuer shall make payments of interest amounts in respect of the ETP Securities of that Series on the relevant interest payment date as set out in the Final Terms.

The ETP Securities are freely transferable.

Each Series of ETP Securities will only give rights to ETP Securityholders to participate in the proceeds of the liquidation of a *pro rata* portion, in respect of such ETP Securityholders, of the Collateral Assets held in the relevant Margin Account with respect to such Series, after the *pro rata* deduction of all costs and expenses incurred by the Issuer in connection with the liquidation of such Collateral Assets, the *pro rata* deduction of the Arranger Fee and any applicable margin interest, securities lending fees and brokerage fees (“**Funding and Brokerage Fees**”) accrued thereon and in the case of Income Series, any *pro rata* adjustments to take account of any interest amounts to be paid with respect to the ETP Securities. Such liquidation will take place on the Final Redemption Date (as specified below) or only in limited circumstances before this date.

On specified valuation days, an “**ETP Security Value**” shall be calculated by the Determination Agent which shall reflect the value of the Collateral Assets in respect of a Series of ETP Securities as adjusted to take into account all applicable fees and expenses.

For each Series, the Issuer will create security over the Collateral Assets in respect of that Series for the benefit of, amongst others, the ETP Securityholders of that Series. Following the enforcement of the security granted by the Issuer in respect of each Series, the Trustee will apply the proceeds derived from the realisation of the Collateral Assets that are the subject of the security in the applicable order of priority under which amounts due to the ETP Securityholders will be subordinated to all costs, fees, expenses and all other amounts including (without limitation) the costs of enforcing and/or realising any security due to the Trustee itself and any receiver, in each case in relation to the ETP Securityholders.

If, in relation to a Series of ETP Securities, the net proceeds of the realisation of the security created in respect of such Series by the Issuer are insufficient to pay all amounts owed by the Issuer to the secured creditors (other than the Margin Loan Provider(s)) in respect of that Series, no other assets of the Issuer will be available to meet any shortfall and all outstanding claims of such secured creditors will be extinguished. No party (other than the Margin Loan Provider(s)) will be entitled to take any further steps against the Issuer to recover any further sum.

Issue Specific Summary:

Issue specific summary:

Application has been made to the Financial Conduct Authority (“FCA”) for the ETP Securities to which these Final Terms apply to be admitted to the Official List of the FCA. Application has been made to the London Stock Exchange for the ETP Securities to which these Final Terms apply to be admitted to trading on the Main Market of the London Stock Exchange.

What are the key risks that are specific to the Securities?

AN INVESTMENT IN ETP SECURITIES INVOLVES A SIGNIFICANT DEGREE OF RISK. The following are the key risk factors which should be carefully considered by prospective investors before deciding whether to invest in ETP Securities. Investors should consult their own financial, legal, accounting and tax advisors about the risks of an investment in ETP Securities.

Market price of the ETP Securities: The ETP Securities may have a long term and the Final Redemption Date could be up to 50 years from the original Issue Date of the Series.

The only means through which an investor will be able to realise value from an ETP Security prior to their Final Redemption Date will be to sell it at its then market price in a secondary market transaction.

Market-making by Authorised Participants: Investors are dependent on there being one or more Authorised Participants making a market in ETP Securities in order to provide investors with liquidity. Investors should be aware that no Authorised Participant is obliged to make a market for any Series of ETP Securities and in circumstances where an Authorised Participant acts a market maker with respect to any Series of ETP Securities, such Authorised Participant may discontinue making a market at any time. If there are no Authorised Participants, or the Authorised Participant(s) fail to effectively make a market in the ETP Securities of a Series, the investors may not be able to sell any such ETP Securities within a short time period, or at a price close to the ETP Security Value for that Series. If investors are unable to sell the ETP Securities they will be unable to realise their investment until the final redemption date.

Issue Specific Summary

ETP Securities linked to Equity Securities: The risks of an ETP Security linked to equity securities may include, but are not limited to, the possibility of significant changes in the price(s) of the relevant equities. The value of the relevant equities may go down as well as up and the value of any relevant equities on any date may not reflect their performance in any prior period. There can be no assurance as to the future value of any equity security or of the continued existence of any equity, debt or its related company. Accordingly, before making an investment decision with respect to ETP Securities, prospective investors should carefully consider whether an investment, the return on which will depend on the performance of equity securities, is suitable for them.

Actively managed investment strategy: ETP Securityholders have no right to participate in the management of the Collateral Assets of a Series of ETP Securities. All decisions with respect to the investment of the proceeds of issuance of the ETP Securities will be made in accordance with the IncomeShares NVIDIA (NVDA) Options Investment Strategy. No person should purchase any ETP Securities unless they are willing to entrust all aspects of management of the Collateral Assets to the Portfolio Administrator to invest in accordance with the IncomeShares NVIDIA (NVDA) Options Investment Strategy. Poor performance of the IncomeShares NVIDIA (NVDA) Options Investment Strategy may negatively impact the value of the ETP Securities which may result in the ETP Securityholders receiving less, or substantially less than their initial investment.

ETP Securities linked to short positions in call options: selling call options exposes the ETP Securities to the risk that the price of the underlying asset of the call option exceeds its strike price on the exercise date. The Issuer may enter the call options on a covered basis whereby it will also purchase the relevant underlying asset so that, any loss incurred on the call option will be offset by an equivalent gain on the underlying asset. However, the Issuer may not be able to acquire sufficient underlying assets to cover its exposure under the call options, which may cause a loss to the extent the call option is wholly or partly uncovered. Additionally, to the extent that it owns the underlying assets, the Issuer will be exposed to the risk of the price of the underlying assets decreasing which may also result in a decrease of the ETP Security Value.

Material Conflicts of Interest

The Authorised Participants and/or their respective affiliates may be active traders in certain markets. These trading activities may present a conflict between the holders of the ETP Securities and the interests the Authorised Participants and their respective affiliates may have in their proprietary accounts, in facilitating transactions, including options and other derivatives transactions, for their customers and in accounts under their management. These trading activities, if they influence the value of an Index or Investment Strategy to which a Series of ETP Securities is linked, could be adverse to the interests of the ETP Securityholders. The Authorised Participants and their respective affiliates may also issue or underwrite additional securities or trade other products the return on which is linked to the value of an Index or Investment Strategy linked to a Series of ETP Securities or other similar strategies. An increased level of investment in these products may negatively affect the level of an Index or Investment Strategy to which a Series of ETP Securities is linked and therefore the amount payable in respect of such Series of ETP Securities on their stated maturity date or any prior redemption date, as applicable, and the market value of such ETP Securities.

GWM Limited (who may act as the Broker Dealer of Record and/or Portfolio Administrator and/or Authorised Participant in respect of a Series of ETP Securities) and the Determination Agent are under the common ownership of Jose Gonzalez who is also a director and the ultimate majority shareholder of the Arranger. Where such entities are acting, they will have only the duties and responsibilities expressly agreed to by them in the relevant capacity and will not, by virtue of being related to an entity acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity.

(c) granting a continuing lien on and security interest in favour of the Trustee in all of the Issuer's rights as against the Margin Loan Provider under the IB Margin Account Agreement in respect of any sum or property now or in the future standing to the credit of the Margin Account and any other account of the Issuer with the Margin Loan Provider to the extent that they relate to such Series of ETP Securities to which the IB Margin Account Agreement applies; and

(d) granting a continuing lien on and security interest in favour of the Trustee in all of the Issuer's present and future right, title and interest in and to all of the Collateral Assets held in the Margin Account to the extent that they relate to such Series of ETP Securities to which the IB Margin Account Agreement applies.

(4) With respect to the MS Margin Account Agreement, the Issuer and the Trustee will enter into the MS Margin Account Security Agreement. Pursuant to the MS Margin Account Security Agreement the Secured Obligations of the Issuer shall be secured by:

(a) assigning to the Trustee by way of security all the Issuer's rights, title, interest and benefit present and future in, to and under the MS Margin Account Agreement to the extent that they relate to such Series of ETP Securities to which the MS Margin Account Agreement applies; and

(b) granting a continuing lien on and security interest in favour of the Trustee in all of the Issuer's rights as against the Margin Loan Provider under the MS Margin Account Agreement in respect of any sum or property now or in the future standing to the credit of the Margin Account and any other account of the Issuer with the Margin Loan Provider to the extent that they relate to such Series of ETP Securities to which the MS Margin Account Agreement applies; and

(c) granting a continuing lien on and security interest in favour of the Trustee in all of the Issuer's present and future right, title and interest in and to all of the Collateral Assets held in the Margin Account to the extent that they relate to such Series of ETP Securities to which the MS Margin Account Agreement applies.

(B) The Security created by the Security Documents in respect of the ETP Securities is granted

to the Trustee as continuing security for the Secured Obligations. In accordance with the Security Documents, prior to any enforcement of the Security, the Trustee will be deemed to release from such Security without the need for any notice or other formalities:

- (1) sums held by the Issuing and Paying Agent, the Registrar and/or the Margin Loan Provider, as applicable, to the extent required for payment of any sum in respect of the ETP Securities and/or under the Programme Documents which is due and payable to be duly made (which for the avoidance of doubt shall include, without limitation, amounts payable in respect of Principal and Interest Amounts to the ETP Securityholders in accordance with these Conditions, amounts payable to the Margin Loan Provider under the LS Margin Account Agreement and Optional Redemption Amounts in respect of the ETP Securities payable to any Authorised Participant by the Issuer);
- (2) any part of the Secured Property to the extent required to be delivered to or to the order of the Margin Loan Provider pursuant to the terms of the LS Margin Account Agreement;
- (3) any part of the Secured Property to the extent required to facilitate the acquisition or sale of any Collateral Assets in accordance with the terms of the Conditions and the Portfolio Administration Agreement; and
- (4) any part of the Secured Property to the extent required to comply with and subject to the provisions of Conditions 6.6 and 6.7.

6.2 Money received by the Trustee prior to enforcement of Security

- (A) Pursuant to the terms of the Trust Deed, the Issuer agrees, on any date on which a payment of Principal or an Interest Amount under these Conditions in respect of any ETP Securities becomes due, unconditionally to pay the Trustee (or to the order of the Trustee) in same day cleared funds, in accordance with the Trust Deed, in the case of a payment of Principal, the Final Redemption Amount, the Optional Redemption Amount or the Mandatory Redemption Amount, as applicable, and in the case of a payment of a Interest Amount, the relevant Interest Amount, in respect of the ETP Securities which is due and payable on that date.

Notwithstanding anything to the contrary in these Conditions or the Trust Deed, (1) payment of Principal or an Interest Amount due under the ETP Securities pursuant to the Conditions made to the Issuing and Paying Agent and/or the Registrar as provided in the Elavon Agency Agreement shall, to that extent, satisfy the Issuer's obligation to make payments of Principal or Interest Amounts in respect of the ETP Securities to the Trustee for the account of the ETP Securityholders except to the extent that there is a failure by the Issuing and Paying Agent and/or the Registrar to pass such payment to the relevant ETP Securityholders (whether via payment through the Relevant Clearing System or otherwise) and (2) a payment of Principal or an Interest Amount made after the due date or as a result of the ETP Securities becoming repayable following an Event of Default or the occurrence of a Mandatory Redemption Event shall be deemed to have been made when the full amount due has been received by the Issuing and Paying Agent and/or the Registrar or the Trustee and notice to such effect has been given by the Issuing and Paying Agent to the ETP Securityholders, except to the extent that there is failure by the Issuing and Paying Agent and/or the Registrar to pass such payment to the relevant ETP Securityholders (whether via payment through the Relevant Clearing System or otherwise). Under the terms of the Trust Deed, the Trustee holds the benefit of this covenant on trust for itself and the ETP Securityholders according to their respective interests.

- (B) Save for any moneys received in connection with the realisation or enforcement of all or part of the Security, all moneys received by or on behalf of the Trustee in relation to the Issuer's covenant to pay Principal and Interest Amounts pursuant to Condition 6.2(A) will, despite any appropriation of all or part of them by the Issuer, be held by the Trustee on trust to apply them:

first, in payment or satisfaction of the fees, costs, charges, expenses and liabilities incurred by or payable to the Trustee under or pursuant to the relevant Security Documents (including, without limitation, any Taxes (other than any income, corporation or similar tax in respect of the Trustee's remuneration) required to be

paid by the Trustee in connection with the performance of its obligations under the relevant Security Documents and the Trustee's remuneration);

secondly, in payment of any amounts owing to the Margin Loan Provider under the LS Margin Account Agreement, including margin interest, securities lending and brokerage fees;

thirdly, in payment of any amounts owing to the Arranger in respect of the Arranger Fee;

fourthly, in payment of any amounts owing to the holders of the relevant ETP Securities *pari passu* and rateably; and

fifthly, in payment of any balance to the Issuer for itself.

If the Trustee holds any moneys in respect of ETP Securities that have become void or in respect of which claims have become prescribed, the Trustee will hold them on trust as described above.

6.3 Enforcement of Security constituted by the Security Documents

The Security constituted by the Security Documents in respect of the ETP Securities shall become enforceable upon the occurrence of an Event of Default pursuant to Condition 12 below.

6.4 Realisation of Security constituted by the Security Documents

At any time after the Security constituted by the Security Documents has become enforceable, the Trustee may, at its discretion, and shall, if so directed in writing by holders of at least a majority of the ETP Securities then outstanding or by an Extraordinary Resolution of the ETP Securityholders (a copy of which has been provided to the Trustee), in each case subject to its having been prefunded and/or secured and/or indemnified to its satisfaction by the ETP Securityholders in accordance with the Trust Deed, enforce the Security constituted by the Security Documents.

To do this, the Trustee may, at its discretion, (i) enforce and/or terminate any relevant Programme Document relating to the ETP Securities in accordance with its or their terms, and/or take action against the relevant Obligor(s) and/or (ii) take possession of and/or realise all or part of the assets over which the Security constituted by the Security Documents shall have become enforceable and may in its discretion, sell, call in, collect and convert into money all or part of such assets, in such manner, at such time and on such terms as it thinks fit, in each case without any liability as to the consequence of such action and without having regard to the effect of such action on individual ETP Securityholders.

The Trustee may, in writing, appoint a receiver or receivers over all or part of the assets over which the Security constituted by the Security Documents shall have become enforceable and may remove any receiver so appointed and appoint another in its place. No delay or waiver of the right to exercise these powers shall prejudice their future exercise.

Neither the Trustee nor any receiver appointed by it or any attorney or agent of the Trustee will, by reason of taking possession of any assets or any other reason and whether or not as mortgagee in possession, be liable to account for anything except actual receipts or be liable for any loss or damage arising from the realisation of such assets or from any act or omission to such assets or otherwise unless such loss or damage shall be caused by its own fraud, gross negligence or wilful default.

The Trustee shall not be required to take any action in relation to the Security constituted by the Security Documents which may (i) be illegal or contrary to any applicable law or regulation or (ii) cause it to expend or risk its own funds or otherwise incur any liability (including any personal liability) in the performance of its duties or in the exercise of any of its rights, powers and discretions, without first being indemnified and/or secured and/or prefunded to its satisfaction.

6.5 Application of proceeds of enforcement of Security

Pursuant to the terms of the Security Documents, following enforcement of the security the Trustee will apply the proceeds derived from the realisation of the assets that are the subject of the security constituted by the relevant Security Documents (whether by way of liquidation or enforcement and after taking account of any Taxes incurred, withheld or deducted by or on behalf of the Issuer) as follows:

- (A) first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts properly incurred by or payable in respect of the ETP Securities to the Trustee or any receiver under or pursuant to the relevant Security Documents (which shall include, without limitation, any Taxes required to be paid by the Trustee (other than any income, corporation or similar Tax in respect of the Trustee's remuneration), the costs of enforcing or realising all or some of the Security constituted by the Security Documents and the Trustee's remuneration);
- (B) secondly, in payment of any amounts owing to the Margin Loan Provider under the LS Margin Account Agreement, including margin interest securities lending and brokerage fees;
- (C) thirdly, in payment of any amounts owing to the Arranger in respect of the Arranger Fee;
- (D) fourthly, in payment of any amounts owing to the ETP Securityholders *pari passu* and rateably; and
- (E) fifthly, in payment of any balance to the Issuer for itself.

6.6 Shortfall after application of proceeds; Limited recourse and non-petition

In respect of any claim against the Issuer in relation to the ETP Securities, with the exception of the Margin Loan Provider with respect to the LS Margin Account Agreement; the Programme Parties and the ETP Securityholders shall have recourse only to the Secured Property in respect of such ETP Securities, subject always to the Security, and not to any other assets of the Issuer. If, following realisation in full of the Secured Property (whether by way of liquidation or enforcement) and application of available cash sums as provided in this Condition 6 and the Security Documents, as applicable, any outstanding claim against the Issuer, whether secured or unsecured, remains unpaid, then such outstanding claim shall be extinguished and no debt shall be owed by the Issuer in respect thereof. Following the extinguishment of any such claim, with the exception of the Margin Loan Provider with respect to the LS Margin Account Agreement, none of the Programme Parties, the ETP Securityholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, corporate service providers or directors to recover any further sum in respect of the extinguished claim and no debt shall be owed to any such persons by the Issuer in respect of such further sum.

With the exception of the Margin Loan Provider with respect to the LS Margin Account Agreement, none of the Programme Parties or the ETP Securityholders or any person acting on behalf of any of them may, at any time, bring, institute or join with any other person in bringing, instituting or joining insolvency, administration, bankruptcy, winding-up, examinership or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer or any of its assets, and none of them shall have any claim arising with respect to the sums, assets and/or property attributable to any other securities issued by the Issuer (save for any further securities which form a single Series with the ETP Securities).

The LS Margin Account Agreement does not contain limited recourse provisions with respect to the liabilities of the Issuer. If following realisation in full of the Secured Property (whether by way of liquidation or enforcement) and application of available cash in accordance with the applicable orders of priority and the Trust Deed, a claim remains outstanding against the Issuer by the Margin Loan Provider, such claim may be made against assets attributable to other outstanding Series of ETP Securities on a pro rata basis. The Broker Dealer of Record, however, has agreed to indemnify the Issuer against any loss, cost, claim, action, demand or expense which the Issuer may incur as a result of any such claims by the Margin Loan Provider.

The provisions of this Condition 6.6 shall survive notwithstanding any redemption of the ETP Securities or the termination or expiration of any Programme Document.

6.7 Issuer's rights as beneficial owner of Secured Property

Notwithstanding Condition 14.1, at any time before the Security constituted by the Security Documents becomes enforceable, the Issuer may, without the sanction of an Extraordinary Resolution and without the prior written consent of the Trustee:

- (A) take such action in relation to the Secured Property relating to the ETP Securities as may be required by the Programme Documents; and
- (B) exercise any rights incidental to the ownership of the assets which are the subject of the Security constituted by the Security Documents which are exercisable by the Issuer and, in particular

(but, without limitation, and without responsibility for their exercise), any voting rights in respect of such property and all rights to enforce any such ownership interests in respect of such property,

provided that the Issuer shall not exercise any rights with respect to such assets if it is directed to the contrary by the Trustee or by an Extraordinary Resolution and, if such direction is given, the Issuer shall act only in accordance with such direction.

 - (7) perform any other act incidental to or necessary in connection with any of the above (which shall include, without limitation, the appointment of auditors and any other administrative or management functions necessary to maintain the Issuer and/or to keep it operating and/or to comply with any laws, regulations or rules applicable to it);

Redemption

8.1 Final redemption

Unless previously redeemed in whole as provided below, each ETP Security shall become due and payable on its Final Redemption Settlement Date at its Final Redemption Amount.

8.2 Optional Redemption

- (A) An ETP Securityholder which is also an Authorised Participant may (subject as provided herein) on any Valuation Date require the Issuer to redeem all or part of its holding of ETP Securities at the Optional Redemption Amount by submitting to the Issuer a valid Redemption Order in accordance with the relevant Authorised Participant Agreement and the LS Operating Procedures Agreement.
- (B) An ETP Securityholder which is not also an Authorised Participant may (subject as provided herein) on any Valuation Date require the Issuer to redeem all or any part of its holding of such ETP Securities at the Optional Redemption Amount by submitting to the Issuer a valid Redemption Order only if the Issuer has notified the ETP Securityholders in accordance with Condition 17 in respect of any Valuation Date that redemption requests from ETP Securityholders which are not Authorised Participants will be permitted and no later notice to the contrary has yet been delivered. Any such announcement may be general or subject to conditions, and any such Redemption Order which is not in accordance with any such conditions shall not be valid.
- (C) Any ETP Security that is subject to Optional Redemption in accordance with this Condition 8.2 as a result of the delivery of a Redemption Order, shall become due and

payable on the relevant Optional Redemption Settlement Date at its Optional Redemption Amount.

8.3 Redemption Orders

- (A) A Redemption Order shall only be valid if:
- (1) other than in the limited circumstances set out in Condition 8.2(B), it is delivered by an ETP Securityholder that is an Authorised Participant;
 - (2) it specifies the number and Series of any ETP Securities to be redeemed;
 - (3) it is received by the Issuer between 8.00 a.m. (Dublin time) and the Notice Deadline on any Valuation Date;
 - (4) it specifies the Redemption Account into which the Optional Redemption Amount shall be payable in respect of any ETP Security to be redeemed;
 - (5) the number of ETP Securities to be redeemed would not result in any Maximum Daily Redemption Limit, or any other applicable limitation on redemption under the LS Operating Procedures Agreement, being exceeded (for the purposes of which, Redemption Orders shall be dealt with in order of their actual receipt by the Issuer), unless the Margin Loan Provider nonetheless agrees to that Maximum Daily Redemption Limit, or other applicable limitation, being exceeded (and if the Margin Loan Provider does not so agree, such Redemption Order will be valid under this Condition 8.3(A)(5) in respect of the greatest number of ETP Securities that would not result in any Maximum Daily Redemption Limit being exceeded);
 - (6) the Redemption Order is received or deemed to have been received before the occurrence of a Mandatory Redemption Event;
 - (7) on the day it is received (or deemed to have been received by the Issuer) until the Optional Redemption Pricing Date (if different) none of the following events has occurred and is continuing:
 - (a) an Event of Default;
 - (b) a Margin Loan Provider Event of Default; or
 - (c) an Adjustment Event;
 - (8) it is not invalid pursuant to Condition 8.3; or
 - (9) unless the Issuer otherwise agrees in its absolute discretion, such Redemption Order is submitted by an Authorised Participant on any day and no other Redemption Order has been submitted by that Authorised Participant on or in respect of such day in respect of the same Series.
- (B) If the Issuer determines that a Redemption Order is invalid in whole or in part, it shall notify the ETP Securityholder of that fact as soon as reasonably practicable and no ETP Securities may be redeemed pursuant to a Redemption Order that the Issuer has determined in its absolute discretion is invalid.
- (C) The Issuer shall not be obliged to redeem any ETP Securities pursuant to a Redemption Order where the Margin Loan Provider has not confirmed the termination of the relevant proportion of the LS Margin Account Agreement in accordance with the provisions of the LS Margin Account Agreement and the LS Operating Procedures Agreement.
- (D) Where a Redemption Order is received by the Issuer on a Valuation Date after the Notice Deadline, such Redemption Order should be void unless the Margin Loan

Provider provides its consent for the Issuer to treat such Redemption Order as if it had been received by it prior to the Notice Deadline.

- (E) Within one London Business Day after the Optional Redemption Pricing Date in respect of any Redemption Order, which shall be postponed to the next London Business Day in case such day is not a London Business Day, the Issuer shall notify the relevant ETP Securityholder of the Optional Redemption Amount payable in respect of ETP Securities which are the subject of that Redemption Order, calculated as provided above.
- (F) The Issuer may change or vary the procedures for the submission of Redemption Orders on five calendar days' prior notice to the ETP Securityholders in accordance with Condition 17 and these Conditions shall be interpreted accordingly.

8.4 Settlement of Optional Redemptions

- (A) The Issuer may at its discretion elect to satisfy requests for the Optional Redemption of ETP Securities by transfer of the appropriate number of ETP Securities to one or more Authorised Participants from ETP Securityholders requesting redemption, and for that purpose the Issuer may authorise any person on behalf of the ETP Securityholder to execute one or more instruments of transfer in respect of the relevant number of ETP Securities provided that the amount payable to the ETP Securityholder shall nonetheless be an amount equal to the relevant Optional Redemption Amount and the relevant Optional Redemption Settlement Date shall be the date of such transfer.
- (B) The Issuer may in accordance with the relevant Authorised Participant Agreement and the LS Operating Procedures Agreement agree with any ETP Securityholder which is also an Authorised Participant to satisfy any requests for the Optional Redemption of any ETP Securities by the transfer to, or to the order of, such ETP Securityholder on the Optional Redemption Settlement Date of Collateral Assets with a value determined by the Determination Agent to be equal to the Optional Redemption Amount.

8.5 Suspension of Optional Redemptions

- (A) If on any Valuation Date (a "**Threshold Event Date**") the ETP Security Value falls to less than 2.00 per cent. of the Principal Amount of the ETP Securities:
 - (1) the Issuer shall give notice convening a meeting of ETP Securityholders on a date not more than 120 calendar days after the Threshold Event Date for the purpose of considering an Extraordinary Resolution which would have the effect of reducing the Principal Amount of the ETP Securities to an amount which is not less than 2.00 per cent. of the ETP Security Value as at the Threshold Event Date, in which event any suspension implemented pursuant to paragraph (2) below will cease only if such Extraordinary Resolution is passed; and
 - (2) the Issuer may, but shall not be obliged to, at any time after the Threshold Event Date, for so long as the ETP Security Value continues to be less than 2.00 per cent. of the Principal Amount of the ETP Securities, suspend the right to request redemption of ETP Securities pursuant to Condition 8.2.
- (B) If the Margin Loan Provider has defaulted in its obligations under the LS Margin Account Agreement and such default is continuing (such event, a "**Margin Loan Provider Event of Default**"), the Issuer may at any time and from time to time while such Margin Loan Provider Event of Default is continuing suspend the right to request redemption of the ETP Securities pursuant to Condition 8.2.

In each case, subject as provided in this Condition 8.5, the Issuer may at its discretion terminate any such suspension at any time.

The following provisions shall apply where Optional Redemptions have been suspended:

- (i) the Issuer shall give notice of any such suspension and of the termination of any such

suspension to the Programme Parties and the ETP Securityholders in accordance with Condition 17, as soon as reasonably practicable, but the failure to give such any such notice shall not prevent the exercise of such discretions;

- (ii) any such suspension may continue for a period of up to 60 calendar days, and may continue thereafter at the discretion of the Issuer (1) in the case of a suspension pursuant to Condition 8.5(A)(2), if the Extraordinary Resolution referred to in Condition 8.5(A)(1) above has not been passed; or (2) in the case of a suspension pursuant to Condition 8.5(B), for so long as the Margin Loan Provider Event of Default is continuing; and
- (iii) any suspension shall not affect any Optional Redemption pursuant to a Redemption Order, the Optional Redemption Pricing Date for which had passed before the suspension commenced, but any Redemption Order in respect of ETP Securities submitted or deemed to be received on a Valuation Date when the right to request redemption of the ETP Securities pursuant to Condition 8.2 is suspended pursuant to this Condition 8.5 shall be invalid.

8.6 Issuer Call Redemption Event

The Issuer may, on giving an irrevocable notice to the Margin Loan Provider and the ETP Securityholders in accordance with Condition 17, elect to redeem all or some only of the ETP Securities and designate a Mandatory Redemption Date for such purposes, provided that the date designated as the Mandatory Redemption Date shall not be earlier than the fifth calendar day following the date of the relevant notice (such notice an "**Issuer Call Redemption Notice**"). In the event that only some of the outstanding ETP Securities are called for redemption pursuant to an Issuer Call Redemption Notice, a *pro rata* portion of each ETP Securityholder's ETP Securities shall be subject to such redemption.

For the purposes of Condition 8.7, a Mandatory Redemption Event in the form of an "**Issuer Call Redemption Event**" will occur on the Mandatory Redemption Date designated in the Issuer Call Redemption Notice (or if such day is not a Valuation Date on the first following Valuation Date). The Issuer shall give a copy of the Issuer Call Redemption Notice to each of the Programme Parties on the same date as such notice is given to the Margin Loan Provider and the ETP Securityholders.

8.7 Mandatory Redemption Events

Each of the following events shall be a mandatory redemption event in respect of the ETP Securities (each a "**Mandatory Redemption Event**"):

- (A) *Disruption Redemption Event*: the occurrence of a Disruption Redemption Event. For the purposes of Condition 8.7, a Mandatory Redemption Date will occur on the fifth Exchange Business Day after the date of the notice from the Issuer to the ETP Securityholders in accordance with Condition 9.3(C);
- (B) *Threshold Redemption Event*: if on any Valuation Date falling on or after the 200th calendar day following a Threshold Event Date, the ETP Security Value is less than 2.00 per cent. of the Principal Amount of such ETP Securities, the Issuer shall designate a Mandatory Redemption Date in respect of the ETP Securities;
- (C) *Termination of appointment of Agent or Authorised Participants*: any of the Determination Agent, the Issuing and Paying Agent, the Registrar, the Portfolio Administrator and/or all of the Authorised Participants in relation to the ETP Securities resign their appointment or their appointment is terminated for any reason and no successor or replacement has been appointed at the time that such resignation or termination takes effect in accordance with the applicable Programme Document, and the Issuer gives notice (an "Agent Redemption Event Notice") to the Programme Parties and the ETP Securityholders in accordance with Condition 17. For the purposes of Condition 8.7, a Mandatory Redemption Date will occur on the fifth Exchange Business Day after the date of the Agent Redemption Event Notice;
- (D) *Publication failure*: if the ETP Security Value in respect of the ETP Securities has not been published by or on behalf of the Issuer for 14 consecutive Non-Disrupted Valuation Dates (a "Publication Failure Event") and the Trustee is notified in writing of such Publication Failure Event and directed in writing by holders of at least a majority of the ETP Securities then outstanding (an "ETP Securityholder Notice and Direction") to give a notice under this Condition 8.7(D) to the Issuer, the Trustee will, provided that the Trustee has been pre-funded and/or secured and/or indemnified to its satisfaction, give such notice (a "Publication

Event Redemption Notice") to the Issuer, copied to each of the Programme Parties. Any such ETP Securityholder Notice and Direction must be substantially in the form set out in the Elavon Agency Agreement which is available from the Issuing and Paying Agent, any Paying Agent and/or the Trustee. For the purposes of Condition 8.7, a Mandatory Redemption Date will occur on the fifth Business Day following the date of the Publication Event Redemption Notice. The Trustee shall not be responsible for or liable to the Issuer, any ETP Securityholder or any Programme Party for investigating, verifying, determining or monitoring whether a Publication Failure Event has occurred or exists and, unless and until the Trustee receives an ETP Securityholder Notice and Direction, the Trustee shall be entitled to assume that no such event has occurred;

- (E) *Change in law or regulation:* on or after the Series Issue Date (a) due to the adoption of or any change in any applicable law, regulation, rule, order, ruling or procedure (including, without limitation, any tax law and any regulation, rule, order, ruling or procedure of any applicable regulatory authority, tax authority and/or any exchange) or (b) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority):
- (1) the Issuer has (or reasonably expects that it will) become illegal for the Issuer to (x) hold, acquire or dispose of all of the types of Collateral Asset, and/or (y) perform its obligations under the ETP Securities and/or the LS Margin Account Agreement; or
 - (2) the Issuer would (or would expect to) incur a materially increased cost in performing its obligations under the ETP Securities and/or the LS Margin Account Agreement (including, without limitation, any increase in any applicable Taxes, any decrease in any applicable tax benefit and/or any other costs or liability to Tax of the Issuer relating to any change in any applicable tax law or regulation),

the Issuer may give notice to the Programme Parties and the ETP Securityholders in accordance with Condition 17 that the ETP Securities are to be redeemed and designate a Mandatory Redemption Date for such purposes, provided that the date designated as the Mandatory Redemption Date shall not be earlier than the fifth Exchange Business Day following the date of the relevant notice (such notice an "**Issuer Redemption Notice**");

- (F) *Margin Account Termination Event:* if the LS Margin Account Agreement terminates prior to the redemption of all the ETP Securities for any reason (a "**Margin Account Termination Event**"). For the purposes of Condition 8.7, a Mandatory Redemption Date will occur on the date of termination of the LS Margin Account Agreement; and
- (G) *Issuer Call Redemption Event:* an Issuer Call Redemption Event occurs pursuant to Condition 8.6.

Notwithstanding anything to the contrary in the Conditions or any Programme Document, if at any time following the occurrence of a Mandatory Redemption Event (the "**Initial Early Redemption Event**") an event or circumstance which would otherwise constitute or give rise to a Mandatory Redemption Event occurs (the "**Secondary Early Redemption Event**") in respect of which the Mandatory Redemption Date relating thereto occurs (or would occur) prior to the date that would have been the Mandatory Redemption Date in respect of the Initial Early Redemption Event, the Secondary Early Redemption Event shall prevail and all references to the "**Mandatory Redemption Event**" in the Conditions and the Programme Documents shall be construed accordingly.

8.8 Mandatory Redemption Amount

If any of the Mandatory Redemption Events listed in Condition 8.7 occurs, each ETP Security shall become due and payable on the related Mandatory Redemption Settlement Date at its Mandatory Redemption Amount.

The Issuer shall give notice to the ETP Securityholders of the Mandatory Redemption Date and the Mandatory Redemption Settlement Date of the ETP Securities as soon as reasonably practicable in accordance with Condition 17.

8.9 ETP Securities as Debt Securities

Each ETP Security is a debt security and at all times prior to its redemption in accordance with the Conditions represents an obligation of the Issuer to repay the outstanding Principal Amount of that ETP Security together with, to the extent payable in accordance with the Conditions, any interest. Notwithstanding the foregoing, the payment by the Issuer of the Redemption Amount (being the Final Redemption Amount, the Optional Redemption Amount or the Mandatory Redemption Amount) on the redemption of each ETP Security in accordance with the Conditions shall represent the repayment of the outstanding Principal Amount and to the extent that the applicable Redemption Amount:

- (A) exceeds the outstanding Principal Amount, any such excess shall constitute interest in respect of such ETP Security; and
- (B) is less than the outstanding Principal Amount, the Issuer shall have no further available funds to pay the deficit, any claim in respect of such deficit shall be extinguished and the Issuer shall have no further obligation in respect of such deficit.

The payment by the Issuer of any amount of interest which is comprised in the Redemption Amount in accordance with paragraph (A) above shall be in addition to and without prejudice to any other payments of interest which the Issuer is otherwise required to make in accordance with the Conditions. The failure of the Issuer to repay any outstanding Principal Amount in the circumstances described in paragraph (B) above shall not constitute an Event of Default.

Disruption Events, Adjustments Events and postponement

9.1 Disruption Events and determination of Index Level

If a Valuation Date is a Disrupted Day, then with respect to a Series of ETP Securities:

the calculation and publication of the ETP Security Value in respect of such Valuation Date will be postponed to the next following Valuation Date that is not a Disrupted Day;

the Issuer shall use reasonable efforts, to the extent that all required information is available to it, to publish an indicative price in respect of each ETP Security on the Issuer's Website, solely for information purposes.

9.2 Postponement of settlement of subscriptions and Optional Redemptions

- (A) If a Subscription Order or a Redemption Order (which is determined to be valid in accordance with the terms of the LS Operating Procedures Agreement) is received by the Issuer on a Valuation Date which is a Disrupted Day, then such Subscription Order or Redemption Order shall be deemed to have been received by the Issuer on the day on which the ETP Security Value is deemed to be determined in respect of that Valuation Date. No additional amount shall be payable to any Authorised Participant (or any ETP Securityholder acquiring ETP Securities from, or selling ETP Securities to, an Authorised Participant) in connection with the postponement of Subscription Settlement Date or Optional Redemption Settlement Date, as applicable.
- (B) A Subscription Order delivered by an Authorised Participant which has been deferred in accordance with Condition 9.2(A) may be withdrawn by that Authorised Participant in accordance with the terms of the LS Operating Procedures Agreement.

9.3 Adjustments

- (A) If an Adjustment Event has occurred the Issuer will, as soon as reasonably practicable, determine in good faith and in a commercially reasonable manner whether in its opinion it is appropriate to designate a Successor Index and/or make one or more adjustments to the terms of the Conditions of the ETP Securities to account for the economic effect on the LS Margin Account Agreement, the Portfolio Administration Agreement and the ETP Securities of the relevant Adjustment Event.
- (B) If the Issuer determines that it is appropriate to designate a Successor Index and/or make such adjustments referred to in (A) above, it will, as soon as reasonably practicable, determine in good faith and in a commercially reasonable manner the nature and effective date of such designation and/or adjustment(s), and notify the Programme Parties and, in accordance with

Condition 17, the ETP Securityholders of the occurrence of such Adjustment Event and the details of the Successor Index and any adjustments to the Conditions and any related adjustments to the terms of the LS Margin Account Agreement and the Portfolio Administration Agreement as soon as reasonably practicable upon making such determinations.

With effect from the effective date of any such designation and/or adjustments, the Issuer and the Programme Parties shall take into account the relevant Successor Index and adjustment(s) so notified to it when making any determination and/or calculation it is required to make under the Conditions and the terms of the relevant Programme Documents, as appropriate, and the Conditions of the ETP Securities and the terms of the Programme Documents shall be construed accordingly. Neither the consent of the Trustee nor the consent of the ETP Securityholders will be required for any such designation of a Successor Index and/or adjustment to the Conditions of the ETP Securities, provided that no such adjustment or amendment may be made which would, in the Trustee's opinion, affect its rights, protections or impose more onerous obligations on the Trustee without its consent.

- (C) If after the occurrence of an Adjustment Event which is continuing, no Successor Index has been designated and the Issuer determines that it is not appropriate to make such adjustments referred to in (A) above, the Issuer will notify the Programme Parties and, in accordance with Condition 17, the ETP Securityholders that the ETP Securities will be redeemed and, for the purposes of Condition 8.7, a Mandatory Redemption Event in the form of a "**Disruption Redemption Event**" will occur.

Payments, calculations, Agents and records

10.1 Payments net of Taxes

All payments in respect of the ETP Securities shall be made net of and after allowance for any withholding or deduction for, or on account of, any Taxes. In the event that any withholding or deduction for, or on account of, any Tax applies to payments in respect of the ETP Securities, the ETP Securityholders will be subject to, and shall not be entitled to receive amounts to compensate for, any such Tax or deduction or any other amounts withheld or deducted pursuant to Condition 10.3. No Event of Default shall occur as a result of any such withholding or deduction.

10.2 Payments

Payments of Principal and Interest Amounts in respect of Definitive Securities will, subject to Conditions 10.2(C) and 10.3, be made against presentation and surrender (or endorsement in the case of partial payments or payments of Interest Amounts) of the relevant ETP Securities at the specified office of any Paying Agent outside the United States, by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to, an account denominated in such currency with a Bank.

"Bank" means a bank in the principal financial centre of the currency of payment or, in the case of euros, a city in which banks in general have access to the TARGET2 System.

For as long as the ETP Securities are represented by a Global Security deposited with a Relevant Clearing System and held by the Relevant Clearing System or a common depository, common safekeeper or nominee, as applicable, on behalf of the Relevant Clearing System, the obligations of the Issuer under the Conditions to make payments in respect of the ETP Securities will be discharged by payment to, or to the order of, the holder of the Global Security, subject to and in accordance with the terms of such Global Security. Each of the persons shown in the records of the Relevant Clearing System as owning ETP Securities represented by such Global Security must look solely to the Relevant Clearing System for his share of any payment made by the Issuer to or to the order of the holder of the Global Security. Payments made to any person shown in the records of the Relevant Clearing System as owning any ETP Security represented by the Global Security shall be subject to and made in accordance with the rules of the Relevant Clearing System.

Notwithstanding the foregoing, for so long as the ETP Securities are represented by a Global Security, if any amount payable in respect of such ETP Securities is payable in U.S. dollars, such U.S. dollar payments shall be made at the specified office of a Paying Agent in the U.S.

if:

the Issuer has appointed Paying Agents with specified offices outside the U.S. with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the U.S. of the full amount due in respect of the ETP Securities in the manner provided above when due;

payment of the full amount due at all such specified offices outside the U.S. is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of the amount due in U.S. dollars; and

such payment is then permitted under U.S. law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

10.3 Payments subject to fiscal laws

All payments in respect of the ETP Securities will be subject in all cases to (i) any applicable fiscal or other laws, regulations and directives but without prejudice to the provisions of Condition 10.1 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the United States Internal Revenue Code of 1986 or otherwise imposed pursuant to Sections 1471 through 1474 of the United States Internal Revenue Code of 1986, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto (in each case without prejudice to the provisions of Condition 10.1). No commission or expenses shall be charged to the ETP Securityholders in respect of such payments.

10.4 Calculations

- (A) The Determination Agent will, as soon as reasonably practicable on such date and/or at such time as the Determination Agent is required in accordance with the Determination Agency Agreement and the Conditions and any other Relevant Provisions, perform such duties and obligations as are required to be performed by it in accordance therewith.
- (B) The calculation by the Determination Agent of any amount, price, rate or value required to be calculated by the Determination Agent under the Relevant Provisions shall be made in good faith and shall (in the absence of manifest error) be final and binding on the Issuer, the ETP Securityholders and the Programme Parties.

10.5 Calculation by Trustee

If at any time after the Security has become enforceable pursuant to Condition 6.3 and the Determination Agent does not make any calculation relating to the ETP Security Value, Final Redemption Amount, Optional Redemption Amount, Mandatory Redemption Amount or Interest Amount when required pursuant to the Conditions and the Programme Documents, then the Trustee may appoint an agent on its behalf to make any calculation in place of the Determination Agent provided that the Trustee shall have been pre-funded and/or secured and/or indemnified to its satisfaction by one or more ETP Securityholders in accordance with the Trust Deed. Any such calculation made on behalf of the Trustee shall for the purposes of the Conditions and the Programme Documents be deemed to have been made by the Determination Agent. In doing so, the appointed agent shall apply the provisions of the Conditions and/or the relevant Programme Document(s), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in the circumstances. In the absence of fraud, gross negligence and wilful default, the Trustee directly or its agent shall not be liable (whether directly or indirectly, in contract, in tort or otherwise) to the Issuer, the ETP Securityholders or any Programme Party for any calculation (or any delay in making any calculation) so made.

10.6 Determination Agent

- (A) Subject as provided in the Conditions and the Determination Agency Agreement, the Issuer shall use all reasonable efforts to procure that there shall at all times be a Determination Agent for so long as any of the ETP Securities are outstanding. If the Determination Agent resigns or its appointment is terminated for any reason, the Issuer shall use all reasonable efforts to appoint a reputable entity that provides services of a similar type to those required

of the Determination Agent under the Relevant Provisions or a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap, commodity or over-the-counter commodity futures and options or index options market) that the Issuer reasonably determines is capable of making the calculation(s) required to be made by the Determination Agent under the Relevant Provisions to act as such in its place.

- (B) The Determination Agent shall not be liable (whether directly or indirectly, in contract, in tort or otherwise) to the Issuer, any ETP Securityholder, any other Programme Party or any other person for any Loss incurred by any such person that arises out of or in connection with the performance by the Determination Agent of its obligations under the Determination Agency Agreement, the Conditions and the other Relevant Provisions provided that nothing shall relieve the Determination Agent from any Loss arising by reason of acts or omissions constituting bad faith, fraud or gross negligence of the Determination Agent (any such act or omission, a "Determination Agent Breach").
- (1) If the Determination Agent would, but for the operation of this Condition 10.6(B)(1), be held liable for any Loss arising as the result of a Determination Agent Breach, the Determination Agent shall nevertheless incur no liability to the Issuer, any ETP Securityholder, any other Programme Party or any other person if such Determination Agent Breach results solely and directly from either (i) the failure by any other Programme Party to provide any notice, instruction or direction which such Programme Party is required or permitted to give under the Conditions or any relevant Programme Document or (ii) a delay in the delivery by any other Programme Party of any notice, instruction or direction which such Programme Party is required or permitted to give to the Determination Agent under the Conditions or any relevant Programme Document.
- (2) If the Determination Agent would, but for the operation of this Condition 10.6(B)(2), be held liable for any Loss arising as the result of a Determination Agent Breach, the Determination Agent shall nevertheless incur no liability to the Issuer, any ETP Securityholder, any other Programme Party or any other person if such Determination Agent Breach results solely and directly from the reliance by the Determination Agent upon a rate, amount, quotation, value or other calculation or determination notified to the Determination Agent pursuant to the Conditions and/or any relevant Programme Document which is made by another Programme Party in accordance with the Conditions and the terms of any relevant Programme Document.
- (C) The Determination Agent has no obligation towards or relationship of agency or trust with any ETP Securityholder.
- (D) The Determination Agent has no duties or responsibilities except those expressly set forth in the Conditions, the Determination Agency Agreement and the other Relevant Provisions and no implied or inferred duties or obligations of any kind will be read into the Determination Agency Agreement against or on the part of the Determination Agent. The Determination Agent will not, and will not be deemed to, assume or be liable for the obligations or duties of the Issuer or any other person under the Conditions, the Trust Deed or any other Programme Document unless otherwise agreed pursuant to the Relevant Provisions.

10.7 **Appointment of Agents**

Save as provided below, the Agents act solely as agents of the Issuer. The Agents do not assume any obligation or relationship of agency or trust for or with any ETP Securityholder. The Issuer may at any time without requiring the prior written approval of the Trustee or the ETP Securityholders but subject to and in accordance with the provisions of the relevant Programme Documents, terminate the appointment of an Agent, replace an Agent or appoint additional or other Agents. Without prejudice to the provisions for the automatic termination of the appointment of an Agent in connection with the occurrence of an insolvency or similar event or proceedings in the relevant Programme Documents, the Issuer shall use reasonable endeavours to at all times maintain (i) an Issuing and Paying Agent and a Registrar, (ii) a Determination Agent, (iii) a Portfolio Administrator, and (iv) such other agents as may be required by any stock exchange on which the ETP Securities may be listed. Notice of any change of Agent or any change to the specified office of an Agent shall promptly be given to the ETP Securityholders by the Issuer in accordance with Condition 17.

Pursuant to the terms of the Trust Deed, at any time after an Event of Default or a Potential Event of Default has occurred in relation to the ETP Securities, the Trustee may (i) by notice in writing to the Issuer, the Issuing and Paying Agent and any other Paying Agents, the Registrar, the Portfolio Administrator, any Transfer Agents, and/or the Determination Agent, require any and all of such Agents, until notified by the Trustee to the contrary, so far as permitted by applicable law to (a) act as agent of the Trustee under the Trust Deed and the ETP Securities *mutatis mutandis* on the terms of the Elavon Agency Agreement and/or the Portfolio Administration Agreement and/or the Determination Agreement, as applicable (with consequential amendments as necessary) and except that the Trustee's liability for the indemnification, remuneration and all other expenses of such Agents (if any) shall be limited to the amounts for the time being held by the Trustee in respect of the ETP Securities on the terms of the Trust Deed and which are available (after application in accordance with the relevant order of priority set out in Condition 6.5) to discharge such liability); or (b) deliver the ETP Securities and all moneys, documents and records held by them in respect of the ETP Securities to or to the order of the Trustee or as the Trustee directs in such notice, and (ii) by notice in writing to the Issuer require it to make all subsequent payments in respect of the ETP Securities to or to the order of the Trustee and not to the Issuing and Paying Agent, and/or the Registrar with effect from the receipt of any such notice by the Issuer; and from then until such notice is withdrawn, proviso (1) of Condition 6.2(A) shall cease to have effect.

10.8 **Authorised Participants**

Notwithstanding anything to the contrary in these Conditions, for the avoidance of doubt, neither the approval of ETP Securityholders by way of an Extraordinary Resolution of ETP Securityholders or otherwise or the consent of the Trustee is required (without limitation) in connection with the accession of a new Authorised Participant to the Programme or the termination of the appointment of an existing Authorised Participant (including the Initial Authorised Participant). Without prejudice to the forgoing and Condition 8.7(C), the Issuer shall use reasonable endeavours to at all times maintain at least one Authorised Participant.

10.9 **Business day convention and non-Payment Business Days**

- (A) If any date for payment in respect of any ETP Security is not a Payment Business Day, the holder shall not be entitled to payment until the next following Payment Business Day or to any interest or other sum in respect of such postponed payment.
- (B) If any date referred to in the Conditions would otherwise fall on a day that is not a Valuation Date, then such date shall be postponed to the next day that is a Valuation Date.

10.10 **Records**

For so long as the ETP Securities are represented by a Global Security in NGN form, the records of the Relevant Clearing Systems (which expression in this Condition 10.10 means the records that each Relevant Clearing System holds for its customers which reflect the amount of such customers' interests in the ETP Securities) shall be conclusive evidence of the number of the ETP Securities represented by the Global Security and, for these purposes, a statement issued by the Relevant Clearing System (which statement shall be made available to the bearer upon request) stating the number of ETP Securities represented by the Global Security at any time shall be conclusive evidence of the records of the Relevant Clearing System at that time.

10.11 **Negotiability of Global Bearer Security**

If the ETP Securities are Bearer Securities represented by a Global Bearer Security, the Global Bearer Security is a bearer document and negotiable and accordingly:

- (A) is freely transferable by delivery and such transfer shall operate to confer upon the transferee all rights and benefits appertaining hereto and to bind the transferee with all obligations appertaining hereto pursuant to these Conditions;
- (B) the holder of the Global Bearer Security is and shall be absolutely entitled as against all previous holders to receive all amounts by way of amounts payable upon redemption or otherwise payable in respect of the Global Bearer Security and the Issuer waives as against such holder and any previous holder of the Global Bearer Security all rights of set-off or counterclaim that would or might otherwise be available to it in respect of the

obligations evidenced by the Global Bearer Security; and

- (C) payment upon due presentation of the Global Bearer Security will operate as a good discharge against such holder and all previous holders of the Global Bearer Security.

Prescription

Claims against the Issuer for payment under the Conditions in respect of the ETP Securities shall be prescribed and become void unless made within 10 years (in the case of Principal) and 5 years (in the case of Interest Amounts) from the date on which the payment of Principal or Interest Amount in respect of the ETP Securities first became due or (if any amount of the money payable was improperly withheld or refused) the date on which payment in full of the amount outstanding was made or (if earlier) the date seven days after that on which notice is duly given to the ETP Securityholders that, upon further presentation of the ETP Security being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation (such date the "**Relevant Date**") save that if the ETP Securities are in global bearer form claims in respect of Principal or Interest Amounts in respect of the relevant Global Bearer Security shall become void unless the Global Bearer Security is presented for payment within a period of 10 years (in the case of Principal) and 5 years (in the case of Interest Amounts) from the appropriate Relevant Date.

Events of Default

If any of the following events (each, an "**Event of Default**") occurs, the Trustee at its discretion may or will, if so directed in writing by holders of at least a majority of the ETP Securities then outstanding or if so directed by an Extraordinary Resolution, a copy of which has been provided to the Trustee (provided that in each case the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction by one or more ETP Securityholders in accordance with the Trust Deed), give notice to the Issuer (copied to each Programme Party) (such notice an "**Event of Default Redemption Notice**") that the ETP Securities are, and they shall immediately become, due and payable at their Final Redemption Amount:

the Issuer defaults in the payment of any sum due in respect of the ETP Securities or any of them for a period of 14 calendar days or more;

the Issuer does not perform or comply with any one or more of its obligations (other than a payment obligation) under the ETP Securities, the Trust Deed or any other Programme Document, which default is incapable of remedy or, if in the opinion of the Trustee capable of remedy, is not remedied within 30 calendar days (or such longer period as the Trustee may permit) after notice of such default shall have been given to the Issuer by the Trustee (and, for these purposes, a failure to perform or comply with an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time);

any order shall be made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer, save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution;

an examiner is appointed in respect of the Issuer; or

a Margin Loan Provider Event of Default or Margin Loan Provider insolvency occurs

The Issuer will, as soon as reasonably practicable after receipt of any Event of Default Redemption Notice, give notice thereof to the ETP Securityholders in accordance with Condition 17 and to the Authorised Participant(s).

The Issuer has undertaken in the Trust Deed that, on each anniversary of the issue date of the first Series of ETP Securities issued under the Programme and also within 14 calendar days after any request by the Trustee, it will send to the Trustee a certificate signed by a Director of the Issuer to the effect that as at a date not more than five calendar days prior to the date of the certificate no Event of Default, or event or circumstance that could with the giving of notice, lapse of time and/or issue of a certificate become an Event of Default, has occurred.

Enforcement

Pursuant to the terms of the Trust Deed, only the Trustee may, at its discretion and without further notice, take such action or step or institute such proceedings against the Issuer, as it may think fit to enforce the rights of the holders of the ETP Securities against the Issuer whether the same arise under general law, the Trust Deed or the ETP Securities, any other Programme Document or otherwise, but, in each case, it need not take any such action or step or institute proceedings unless in accordance with the terms of the Trust Deed, the Trustee is so directed by an Extraordinary Resolution a copy of which has been provided to the Trustee or notified in writing by holders of at least a majority of the ETP Securities then outstanding and it shall have been secured and/or pre-funded and/or indemnified to its satisfaction.

None of the Secured Creditors shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed in accordance with the terms of the Security Documents, fails or neglects to do so within a reasonable time and such failure is continuing.

The ETP Securityholders acknowledge and agree that only the Trustee may enforce the Security over the Secured Property in accordance with, and subject to the terms of, the Security Documents.

The Trustee shall not be required to take any action in relation to the Security constituted by the Security Documents which may (i) be illegal or contrary to any applicable law or regulation or (ii) cause it to expend or risk its own funds or otherwise incur any liability (including any personal liability) in the performance of its duties or in the exercise of any of its rights, powers and discretions, without first being indemnified and/or secured and/or prefunded to its satisfaction.

Meetings of ETP Securityholders, modification, waiver, substitution and restrictions

14.1 Meetings of ETP Securityholders

The Trust Deed contains provisions for convening meetings of the ETP Securityholders to consider any matter affecting their interests, including modification by Extraordinary Resolution of the ETP Securities (including these Conditions or the provisions of the Trust Deed insofar as the same may apply to such ETP Securities).

The quorum at any such meeting for passing an Extraordinary Resolution will be two or more ETP Securityholders or agents present in person holding or representing in the aggregate more than 50 per cent. of the number of the ETP Securities for the time being outstanding or, at any adjourned such meeting, two or more ETP Securityholders or agents present in person being or representing ETP Securityholders, whatever the number of the ETP Securities so held or represented, and an Extraordinary Resolution duly passed at any such meeting shall be binding on all the ETP Securityholders, whether present or not, except that any Extraordinary Resolution proposed, *inter alia*, (i) to amend the dates of maturity or redemption of the ETP Securities (ii) to reduce or cancel the principal amount payable on redemption of, the ETP Securities, (iii) to change any method of calculating the Final Redemption Amount, the Optional Redemption Amount or the Mandatory Redemption Amount, (iv) to change the currency or currencies of payment or Denomination of the ETP Securities, (v) to take any steps which as specified in the Trust Deed may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, (vi) to modify the provisions concerning the quorum required at any meeting of ETP Securityholders or the majority required to pass an Extraordinary Resolution, (vii) to modify the provisions of the Trust Deed concerning this exception or (viii) to modify any other provisions specifically identified for this purpose in the Trust Deed will only be binding if passed at a meeting of the ETP Securityholders, the quorum at which shall be two or more ETP Securityholders or agents present in person holding or representing in the aggregate not less than 75 per cent. of the number of ETP Securities for the time being outstanding, or at any adjourned meeting, two or more ETP Securityholders or agents present in person being or representing in the aggregate not less than 10 per cent. of the number of the ETP Securities so held or represented (provided that at an adjourned meeting convened for the purpose of reducing the Principal Amount of the ETP Securities following a Threshold Event Date, the quorum shall be two or more ETP Securityholders or agents whatever the number of ETP Securities so held or represented). The holder of a Bearer Security or Registered Security in global form representing all of the ETP Securities for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 75 per cent. of the aggregate number of the ETP Securities for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of ETP Securityholders.

14.2 Modification of the relevant Programme Documents

- (A) Subject to Condition 14.3(F), the Trustee may agree, without the consent of the ETP Securityholders, to (i) any modification to these Conditions, the Trust Deed and/or any other Programme Document to which the Trustee is a party which is, in the opinion of the Trustee, of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification, and any waiver or authorisation of any breach or proposed breach of any of these Conditions or any of the provisions of the Trust Deed and/or any other Programme Document to which the Trustee is a party that is in the opinion of the Trustee not materially prejudicial to the interests of the ETP Securityholders. Any such modification, authorisation or waiver will be binding on the ETP Securityholders and, if the Trustee so requires, such modification will be notified by the Issuer to the ETP Securityholders in accordance with Condition 17 as soon as reasonably practicable. This Condition 14.2(A) shall not limit the authority of the Issuer to make any of the modifications to these Conditions, the Trust Deed and/or any other Programme Document as set out in Condition 14.2(B).
- (B) The Issuer may agree, without of the consent of the Trustee or the ETP Securityholders, to any modification to these Conditions, the Trust Deed and/or any other Programme Document (whether or not the Trustee is a party thereto), including any modification which is made:
- (1) in connection with the accession of a new Authorised Participant to the Programme or the termination of the appointment of an existing Authorised Participant (including the Initial Authorised Participant);
 - (2) in connection with any variation of the terms of appointment of an Agent, the termination of the appointment of an Agent, the replacement of an Agent, the appointment of additional Agents or any variation or amendment to the terms of any Programme Document;
 - (3) in connection with any variation of the terms of appointment of a Margin Loan Provider, the termination of the appointment of a Margin Loan Provider, the replacement of a Margin Loan Provider, the appointment of additional Margin Loan Providers or any variation or amendment to the terms of any LS Margin Account Agreement;
 - (4) in connection with an amendment to the terms of the Programme to extend the range of assets which may be included as Collateral Assets for any Series of ETP Securities to be issued following the date of the relevant amendments;
 - (5) in connection with an amendment to the terms of the Programme to facilitate the issue of Series of ETP Securities which pursue actively managed Investment Strategies, such Series to be issued following the date of the relevant amendment;
 - (6) in order to facilitate any application for the admission of the ETP Securities of any Series to listing or trading on any stock exchange;
 - (7) in order to effect the transfer of the LS Margin Account Agreement to a new Margin Loan Provider or to make amendments consequent upon such transfer;
 - (8) to effect any adjustment to the Conditions of the ETP Securities and/or the terms of the LS Margin Account Agreement pursuant to Condition 9.3 as a consequence of the occurrence of an Adjustment Event provided that:
 - (a) the adjustments so agreed have the consequence that at the time of the adjustments there is no negative change to the ETP Security Value in respect of the ETP Securities; and

- (b) the adjustments do not take effect until at least three calendar days have elapsed after they are announced to the ETP Securityholders in accordance with Condition 17; or
- (9) to effect any adjustment (including but not limited to: (i) any amendment to a Programme Document, the Conditions of a Series of ETP Securities, the Supplemental Trust Deed or a Security Document; and (ii) any adjustment related to or concerning the matters contemplated by paragraphs (1) to (8) above but not otherwise permitted by those paragraphs) which the Issuer considers to be necessary or desirable for the Programme or any Series of ETP Securities provided that:
 - such modifications are notified to ETP Securityholders at least 10 Business Days in advance of becoming effective;
 - the Issuer certifies in the notice to ETP Securityholders that, in the opinion of the Issuer, such modifications are not materially prejudicial to the interests of the ETP Securityholders; and
- (c) following such adjustment becoming effective, the Issuer shall, as soon as practicable, notify such adjustment(s): (i) to the ETP Securityholders of each of the relevant Series in accordance with Condition 17 (*Notices*) of the relevant Series; and (ii) where relevant, to any stock exchange on which the relevant ETP Securities are admitted to trading.

To the extent that the consent of the Trustee is required in order to give effect to any modification to these Conditions, the Trust Deed and/or any other Programme Document to which the Trustee is a party which the Issuer certifies to the Trustee is necessary or desirable to be made for the purposes described in paragraphs (1) to (9) above, the Trustee shall agree, without the consent of the ETP Securityholders, to such modification provided however that the Trustee shall not be required to agree to any modification or any other matter which would, in the Trustee's sole opinion, have the effect of (i) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction and/or (ii) adding to or increasing the obligations, liabilities or duties or decreasing the rights, powers, authorisation, indemnities, discretions or protections of the Trustee.

14.3 Substitution

The Trustee may, without the consent of the ETP Securityholders, but subject to the prior consent of each Authorised Participant and the Margin Loan Provider, agree to the substitution, in place of the Issuer (or of any previous substitute) as the principal debtor under the Security Documents, the other Programme Documents to which it is a party and the ETP Securities of each Series, of any other company (incorporated in any jurisdiction) (any such substitute company being the "**Substituted Obligor**"), provided that:

a deed is executed or undertaking given by the Substituted Obligor to the Trustee, in form and manner satisfactory to the Trustee, agreeing to be bound by the Security Documents and the ETP Securities of each Series (with such consequential amendments as the Trustee may deem appropriate) as if the Substituted Obligor had been named in the Security Documents and the ETP Securities as the principal debtor in place of the Issuer;

the Substituted Obligor assumes all rights, obligations and liabilities in relation to the Secured Property, acknowledges the Security created in respect thereof pursuant to the Security Documents and takes all such action as the Trustee may require so that the Security constitutes a valid charge, pledge or other security interest over the Secured Property as was originally created by the Issuer for the obligations of the Substituted Obligor;

if any director of the Substituted Obligor certifies that it will be solvent immediately after such substitution, the Trustee need not have regard to the Substituted Obligor's financial condition, profits or prospects or compare them with those of the Issuer;

the Trustee will be satisfied (if it requires, by reference to legal opinions) that (a) all necessary governmental and regulatory approvals and consents necessary for or in connection with the assumption by the Substituted Obligor of liability as principal debtor in respect of, and

of its obligations under, the ETP Securities of each Series and any Programme Document have been obtained and (b) such approvals and consents are at the time of substitution in full force and effect;

the Issuer and the Substituted Obligor will execute and the Issuer shall procure that the Margin Loan Provider and any other Programme Party will execute such other deeds, documents and instruments (if any) as the Trustee may require in order that such substitution is fully effective and comply with such other requirements in the interests of the ETP Securityholders as the Trustee may direct;

in connection with any proposed substitution of the Issuer, the Trustee may, without the consent of the holders of the ETP Securities, agree to a change of the law from time to time governing such ETP Securities and/or the Supplemental Trust Deed and/or the Security Documents, provided that such change of law, in the opinion of the Trustee, would not be materially prejudicial to the interests of such ETP Securityholders;

the Issuer and the Substituted Obligor comply with such other requirements as the Trustee may direct in the interests of the ETP Securityholders; and

a legal opinion satisfactory to the Trustee is provided concerning any proposed substitution.

An agreement by the Trustee pursuant to this Condition 14.3 and the Security Documents will, if so expressed, release the Issuer (or a previous substitute) from any or all of its obligations under the Security Documents, the ETP Securities and the other relevant Programme Documents. The Substituted Obligor shall give notice of the substitution to the ETP Securityholders within 14 calendar days of the execution of such documents and compliance with such requirements.

On completion of the formalities set out in this Condition 14.3 and the Security Documents, the Substituted Obligor shall be deemed to be named in these Conditions, the Security Documents, the other Programme Documents and the ETP Securities as the principal debtor in place of the Issuer (or of any previous substitute) and these Conditions, the Security Documents, the other Programme Documents and the ETP Securities shall be deemed to be amended as necessary to give effect to the substitution.

14.4 Entitlement of the Trustee

In accordance with the terms of the Trust Deed, in connection with the exercise of its functions under the relevant Programme Documents, the Trustee will have regard solely to the interests of the ETP Securityholders as a Series and will not have regard to the consequences of such exercise for individual ETP Securityholders and the Trustee will not be entitled to require, nor shall any ETP Securityholder be entitled to claim, from the Issuer any indemnification or payment in respect of any Tax consequence of any such exercise upon individual ETP Securityholders.

So long as the ETP Securities are in global form and such Global Security is held by or on behalf of the Relevant Clearing System, in considering the interests of ETP Securityholders, the Trustee may have regard to any information provided to it by the Relevant Clearing System or its operator as to the identity (either individually or by category) of its accountholders or participants with entitlements to any such Global Security and may consider such interests on the basis that such accountholders or participants were the holder(s) thereof.

14.5 Prohibition on U.S. persons

ETP Securities may not be legally or beneficially owned by any U.S. person at any time nor offered, sold or delivered within the United States or to U.S. persons. The Issuer has the right, at its option, to refuse to recognise any such transfer or to compel any legal or beneficial owner of ETP Securities who contravenes such prohibition to void the transfer of such ETP Securities to such legal or beneficial owner or to redeem any such ETP Securities held by such legal or beneficial owner. Transfers may be voided by the Issuer by compelling a sale by such legal or beneficial owner or by the Issuer selling such ETP Securities on behalf of such legal or beneficial owner at the lesser of the purchase price therefor or the ETP Security Value prevailing at the time such transfer is voided. Terms used in this Condition 14.5 have the meanings given to them by Regulation S under the Securities Act.

14.6 ERISA prohibition

ETP Securities may not be legally or beneficially owned by any entity that is, or that is using the assets of, (a)(i) an "**Employee Benefit Plan**" (as defined in Section 3(3) of the United States Employee Retirement Income Security Act of 1974, as amended ("**ERISA**")) that is subject to the fiduciary responsibility requirements of Title I of ERISA, (ii) any plan to which Section 4975 of the United States Internal Revenue Code of 1986, as amended (the "**Code**") applies (a "**Plan**") or (iii) an entity whose constituent assets include "**Plan Assets**" (as determined pursuant to the "Plan Assets Regulation" issued by the United States Department of Labor at 29 C.F.R. Section 2510.3-101 as modified by Section 3(42) of ERISA) by reason of any such Employee Benefit Plan's or Plan's investment in the entity or (b) a non-U.S. plan, governmental plan, church plan or other plan that is subject to any federal, state, local, non-U.S. or other law or regulation that is similar to the provisions of Section 406 of ERISA or Section 4975 of the Code (a "**Similar Law**") unless its acquisition and holding and disposition of such Security, or any interest therein, has not and will not constitute a violation of such Similar Law. The Issuer has the right, at its option, to refuse to recognise any such transfer or to compel any legal or beneficial owner of ETP Securities who contravenes such prohibition to void the transfer of such ETP Securities to such legal or beneficial owner or to redeem any such ETP Securities held by such legal or beneficial owner. Transfers may be voided by the Issuer by compelling a sale by such legal or beneficial owner or by the issuer selling such ETP Securities on behalf of such legal or beneficial owner at the lesser of the purchase price therefor or the ETP Security Value prevailing at the time such transfer is voided. Terms used in this Condition 14.6 have the meanings given to them by the Code.

Replacement of ETP Securities

If an ETP Security in bearer form is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent or such other Paying Agent, as the case may be, as may, from time to time, be designated by the Issuer for the purpose and notice of whose designation is given to ETP Securityholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security, indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed ETP Security is subsequently presented for payment there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such ETP Security) and otherwise as the Issuer may require. Mutilated or defaced ETP Securities must be surrendered before replacements will be issued.

Issue of further Tranches and Series of ETP Securities

16.1 Further Tranches

Subject to Condition 6, the Issuer may, from time to time (without the consent of the Trustee or any ETP Securityholder), in accordance with the Trust Deed, the Conditions and the Authorised Participant Agreement(s), create and issue further securities either having the same terms and conditions as the ETP Securities in all respects and so that such further issue shall be consolidated and form a single Series with the ETP Securities or upon such terms as the Issuer may determine at the time of their issue and/or incur further obligations relating to such securities.

Only an Authorised Participant may request that the Issuer issue additional Tranches of the ETP Securities by delivering a valid Subscription Order subject to and in accordance with the terms of the relevant Authorised Participant Agreement.

The Issuer will only accept a Subscription Order and issue ETP Securities if:

a Subscription Order is given by an Authorised Participant and determined to be valid by or on behalf of the Issuer;

the acceptance of such Subscription Order will not cause any Subscription Limit for the ETP Securities or the LS Margin Account Agreement to be exceeded;

in connection with such issue of ETP Securities, the Margin Loan Provider agrees to any increase of the economic exposure under the LS Margin Account Agreement which is necessary to

facilitate the issue of such ETP Securities; and

all conditions precedent to an issue of the ETP Securities are satisfied.

The Issuer shall have no obligation to issue further ETP Securities and no obligation to accept any Subscription Orders from (but excluding) the fifth Valuation Date preceding the Final Redemption Date of the ETP Securities.

In accordance with the terms of the Authorised Participant Agreement(s), the LS Operating Procedures Agreement and the LS Margin Account Agreement, the Issuer will not be obliged to accept any Subscription Order and/or issue ETP Securities if (i) a Subscription Suspension Event has occurred and is continuing, and/or (ii) a Mandatory Redemption Event has occurred and/or a Margin Loan Provider Event of Default has occurred and/or (iii) the Margin Loan Provider does not consent to increase the economic exposure under the LS Margin Account Agreement by a *pro rata* amount. If an Issuer Call Redemption Notice is delivered the last day on which the Issuer is required to accept a valid Subscription Order shall be the fifth Exchange Business Day preceding the related Mandatory Redemption Date designated in such notice. If an Issuer Redemption Notice is delivered by the Issuer the last day on which the Issuer is required to accept a valid Subscription Order shall be the fifth Exchange Business Day preceding the related Mandatory Redemption Valuation Date designated in such notice. If the Margin Loan Provider elects for the LS Margin Account Agreement to terminate on the last day of its scheduled term and such date falls before the Final Redemption Date of the ETP Securities the last day on which the Issuer is required to accept a valid Subscription Order shall be the fifth Exchange Business Day preceding the scheduled termination date of the LS Margin Account Agreement. If a Margin Account Termination Event is designated or occurs under the LS Margin Account Agreement, the last day on which the Issuer is required to accept a valid Subscription Order shall be the date of the notice designating such event. If a Mandatory Redemption Event occurs, the last day on which the Issuer is required to accept a valid Subscription Order shall be the date of the notice designating such event.

The Issuer may suspend the issuance of further ETP Securities at any time. If a Subscription Suspension Event occurs, the Issuer shall not be obliged to accept any Subscription Orders for the ETP Securities with effect from the date of suspension specified in the relevant notice to the Determination Agent and the Authorised Participants until such time (if any) as the Issuer notifies such Programme Parties that it shall recommence the issue of further Tranches of the ETP Securities. The effective date of any such suspension will be specified in the related notice and will be a day not earlier than the Valuation Date following the date of such notice. The Issuer shall give notice to ETP Securityholders in accordance with Condition 17 of any such suspension as soon as reasonably practicable after giving any notice of suspension of subscriptions.

In relation to any Subscription Order which has been accepted by or on behalf of the Issuer but in respect of which the Subscription Settlement Date has not yet occurred as at the date of the occurrence of an Event of Default, each such Subscription Order shall automatically be cancelled with effect from the date of the occurrence of such Event of Default.

In relation to any Subscription Order which is valid but in respect of which the ETP Securities are pending issue and settlement to the relevant Authorised Participant as at the Mandatory Redemption Date, the Final Redemption Date or the date of delivery of an Event of Default Redemption Notice (due to the Subscription Settlement Date not having occurred at such date, the relevant Authorised Participant not having delivered in full the relevant subscription amount on a Subscription Settlement Date falling prior to such date, or otherwise), any such Subscription Order shall automatically be cancelled with effect from such Mandatory Redemption Date, Final Redemption Date or date of delivery of an Event of Default Redemption Notice (as applicable).

If at any time after the occurrence of the Subscription Settlement Date in respect of which the relevant Authorised Participant has not paid in full the related subscription amount a Mandatory Redemption Event occurs, the Final Redemption Date occurs or an Event of Default Redemption Notice is delivered, the ETP Securities issued on any such Subscription Settlement Date which are pending settlement to the relevant Authorised Participant shall automatically be cancelled with effect from the date of the occurrence of such Mandatory Redemption Date, Final Redemption Date or date of delivery of an Event of Default Redemption Notice (as applicable). ETP Securities requested for issue and subscribed for by an Authorised Participant may be held on an inventory basis by such Authorised Participant and offered for sale and/or sold over a period of time.

In relation to any Subscription Order, in satisfaction of the relevant subscription amount, the Issuer may agree with the relevant Authorised Participant to accept the delivery to, or to the order of, the Issuer of Reference Assets which the Determination Agent determines have a value on the

Subscription Settlement Date, after taking account of any costs of transfer or delivery which are to be discharged by the Issuer, which is equal to or greater than the subscription amount.

Any new securities forming a single Series with the ETP Securities and which are expressed to be constituted by the Trust Deed and secured by the Security Documents will, upon the issue thereof by the Issuer, be constituted by the Trust Deed and secured by the Security Documents without any further formality and irrespective of whether or not the issue of such securities contravenes any covenant or other restriction in the Trust Deed or the Programme Maximum Number of ETP Securities and shall be secured by the Secured Property (as increased and/or supplemented in connection with such issue of such new securities) and references in these Conditions to "**Secured Creditors**", "**Secured Property**", "**Secured Obligations**" and "**ETP Securities**" shall be construed accordingly.

Notices

17.1 All notices to holders of ETP Securities shall be valid if:

they are:

published in daily newspapers with general circulation in Ireland (which is expected to be in the *Irish Times*) and in the United Kingdom (which is expected to be in the *Financial Times*); and/or

published on the website of one or more RIS(s) approved for such purposes by the applicable Relevant Stock Exchange(s) and any such notices shall be conclusively presumed to have been received by the holders; and/or

published on the Issuer's Website;

for so long as the ETP Securities are listed on any Relevant Stock Exchange, they are published in accordance with the rules and regulations of such Relevant Stock Exchange or other relevant authority; and

for so long as the ETP Securities are in global form, notices required to be given in respect of the ETP Securities represented by a Global Security are given by their being delivered (so long as the Global Security is held on behalf of a Relevant Clearing System) to the Relevant Clearing System, or otherwise to the holder of the Global Security, rather than by publication as required above. Any such notice shall be deemed to have been given to the holders of the ETP Securities on the Payment Business Day immediately following the day on which the notice was given to the Relevant Clearing System.

17.2 If, in the opinion of the Trustee, any such publications above are not practicable, notice shall be validly given if published in another leading daily newspaper with general circulation in the relevant country.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Relevant Clearing System

None of the Issuer, the Trustee, the Agents or the Margin Loan Providers will have any responsibility for the performance by the Relevant Clearing System (or its participants or indirect participants) of any of their respective obligations under the rules and procedures governing their operations.

Governing law and jurisdiction

19.1 Governing law

The Trust Deed and the ETP Securities (including any Global Security), and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, Irish law.

19.2 Jurisdiction

The courts of Ireland are to have non-exclusive jurisdiction to settle any disputes that may arise out of or in connection with any ETP Securities and, accordingly, any legal action or proceedings arising out of or in connection with any ETP Securities ("**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objections to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is for the benefit of each of the Trustee and the ETP Securityholders and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

Interest Amounts

20.1 Application of this Condition

This Condition 20 shall apply to each Series which is an Income Series.

20.2 Payment of Interest Amounts

The Issuer shall on each Interest Payment Date, make a payment in respect of each ETP Security in an amount equal to the Interest Amount.

20.3 Interest Notification

On each Interest Declaration Date, the Issuer shall cause the following details to be notified to ETP Securityholders in accordance with Condition 17 (such notification, an "**Interest Notification**"):

the Interest Payment Date;

the amount of the Interest Amount, if any, to be paid on the Interest Payment Date;

the Interest Ex Date; and

the Record Date.

20.4 Reduction of ETP Security Value

The payment of an Interest Amount shall result in a corresponding reduction in the ETP Security Value on the relevant Interest Ex Date.

20.5 Payment of Final Redemption Amounts and Mandatory Redemption Amounts

The payment of any Final Redemption Amount or Mandatory Redemption Amount in respect of an ETP Security shall satisfy the obligation of the Issuer to pay any Interest Amount to which such ETP Security is entitled for which the Interest Payment Date falls on or after the due date for payment of the Final Redemption Amount or Mandatory Redemption Amount and no additional payment shall be made in respect of such Interest Amount.
